Castleton State College, Castleton, Vermont, October 23, 1964

No. 1

New Faculty Members Named

by Sharon Norton

The appointment of eight new faculty members who have been added to our staff for this coming year 1964-65, was announced earlier by our school president, Dr. Richard J. Dundas.

They are an assistant professor of science, a science instructor, two physical education instructors, an art instructor, a mathematics instructor, an English instructor and an instructor in foreign languages.

Dr. Jeffrey Freeman, a New Jersey native, is our new assistant professor of science. He received a B.S. degree from State University College of Forestry at Syracuse University in 1957, an M.S. degree from Rutgers University in 1960 and a Ph.D. from Rutgers in 1962.

Dr. Freeman taught high school science in New Jersey and from 1958 to 1959 was a research assistant in entomology at Rutgers. The next three years he was teaching assistant in entomology at Rutgers. From 1962 until the present he was an instructor in biology at Windham College in Putney.

Sherry Anderson, of Granville, N. Y., is the new science instructor. He received bachelor and master's degrees from Middlebury College. In 1958 he did biochemical research at Cornell Medical College. Later he was in building supply, sales and management in Granville and last year taught biology, chemistry and physics at Fair Haven High School.

Frank W. Morgan of Rutland is the instructor in mathematics. Mr. Morgan was one of Castleton's best math students himself. He received a B.S. from CSC in 1962. He received a master's degree from Miami University in 1963 and for the past two years has been a graduate assistant in mathematics at Miami University.

Charles R. Anderson of Freeport, N. Y., has been appointed to the art instructor post. Mr. Anderson received a bachelor of fine arts degree from Rhode Island School of Design in 1953. Since 1951 he has done advertising and industrial design work and since 1958 he has been an art instructor at the State University of New York at Farmingdale, N. Y.

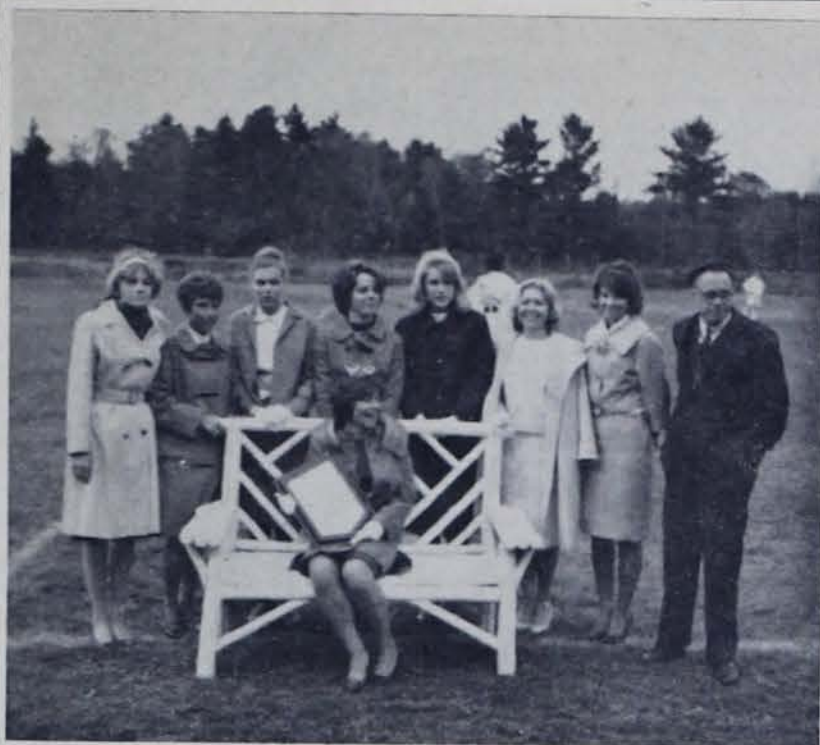

One women's physical education instructor has come to Castleton from the Emma Willard School, Troy, N. Y., where she had taught physical education activities for two years.

She is Mrs. Patricia G. Abraham of East Wallingford and she replaces Miss Josephine Chapla, who resigned. Mrs. Abraham received a B.A. from the University of Michigan in 1959 and did graduate study at Russell Sage College in 1962 and 1963.

The other women's physical education instructor is Miss Marilyn Owen of Lake Kathrine, N. Y., who received a B.S. degree from Davis and Elkins College, Elkins, W. Va., and has done graduate study at Springfield College.

She has taught at high schools in Massachusetts and Ohio and in the public schools of Troy, N. Y., as well as at Huntington College, Montgomery, Ala.

QUEEN AND COURT

Left to right: Lois Bussin, Lea Moreau, Cathy Sturken, Ann Bellerjeau, Ann Leslie, Judy Parker, Ann Blaisdell, Gidget Bonazzoli, Queen.

Dr. Patterson poses with the girls.

The Enchanted To Open

The Enchanted, first produced in New York at the Lyceum Theatre on January 18, 1950, and then starring Malcolm Keen, Leueen MacGrath, and Wesley Addy, will be recreated for Vermont audiences on October 29th and 30th.

The Castleton Players of Castleton State College will present the fantasy under the able direction of Saul Elkin.

The play is the biography of a critical moment in the life of a young girl—the moment when she turns from girlhood to womanhood. It is the story of a choice between the adventure of love or the adventure of death.

The leading roles in the production have been given to Alan Pritchard, a Junior from Poultney, who will portray the Inspector; Karen Hutchins, a freshman from Lyndonville, who will play the part of Isabel; and Peter Marsh, a junior from Rutland, who will play the Supervisor.

Mr. Pritchard is an experienced actor who appeared with the Dartmouth College Hopkins Center Repertory Theatre this past summer season. While there he played parts in Eugene Ionesco's *Rhinoceros*, and in George Farquhar's *Beaux Stratagem*. With the Castleton Players, in past seasons, he was seen in *The Visit* and in *Bonds of Interest*. At Green Mountain College he has appeared in such plays as *USA* and, again, in *Rhinoceros*.

Miss Hutchins makes her debut with the Castleton Players, and appears to have a promising theatre career ahead.

Mr. Marsh has appeared with the Players in productions of *The Visit* and *J.B.* This past summer he appeared in *Six Characters in Search of an Author*. He has also done area roles in *The Pleasure of His Company*, and *The Player Queen*.

Other players appearing in *The Enchanted* who will be remembered for past roles are: David Hazen, a junior from West Hartford, as the Mayor, who appeared in *Bonds of Interest*; Edd Garron, a senior from Springfield, as the Doctor, who appeared in *The Visit*

and in *Thurber Carnival*; Stephanie Rowe, a junior from Ludlow, who appeared in *Bonds of Interest*; Vic Sgambato, a senior from Gloversville, N. Y., who appeared in *The Visit*; Martin Tewksbury, a senior from Randolph, who appeared in *Bonds of Interest*; Mike Bove, a sophomore from Burlington, who appeared in *Bonds of Interest*; and Craig Cooke, a junior from Schenectady, N. Y., who appeared in *The Visit*.

Newcomers to the Players in their first roles are: Roy Smith, a freshman from Brattleboro, as The Ghost; and Brenda Seeley, a freshman from Barre, as Leonide.

The Production Staff is as follows: Technical Director, Mr. Byron Avery; Stage Manager, Dick Rousseau of Rutland; Assistant Stage Manager, (Continued on page 4)

Curriculum Changes

"Any student who entered Castleton State College before September, 1964 may still meet degree requirements by satisfactory completion of any curriculum patterns after his matriculation," stated Dean Charles Wright concerning the misunderstanding of the new curriculum changes published last month. This means that the upperclassmen may graduate by the college catalogue in effect the year they entered this college as freshmen. Wright further commented that he could not guarantee that our graduates could be certified after July, 1965 by the Vermont State Certifier, if they did not follow the new requirements.

In clarification of the removal of credit for required physical education courses, the Dean explained that the trend in American colleges today is to give no credit for these courses and requiring only 124 credits for graduation, rather than 128 credits. Castleton gave credit for these courses up until this current semester.

Annual Homecoming Week-end Successful

Variety Show

The Variety Show held Thursday night was the commencement of the annual Homecoming weekend. The opening number was the song "Hey, Look Me Over," sung by a chorus comprised of Stephanie Rowe, Ed Garron, Sue O'Neil, and Brenda Seely. Backing them up was the folksinging group, with the following numbers. They sang "Greenback Dollar" and "Where Have All the Flowers Gone." The folksingers were Cindy Strobl, Terry Diers, Dave de Schweinitz, Vic Sgambato, Terry Gates, and Chris Workman. Barney Schulman did a comical monologue and then sang the beautiful ballad, "Ebb Tide." Jennifer Pennioke played two songs on the piano, one of them being "Love Makes The World Go Round." Next on stage was Carol Jenkins playing the accordion. First she did "Maggianni's Boogie," then "Smoke Gets in Your Eyes." Stephanie Rowe sang the lovely song "Soldier Boy," accompanied by Jennifer Pennioke on the piano. A dance routine done to the music of "Charades" was next on the scene, by Stephanie Rowe and Ed Garron. They were dressed as puppets. Lea Moreau did a twirl routine with a fire baton to the march, "El Capitan." Ed Garron appeared again with a solo number this time. He did a Sonnet Dance, Bodo the Clown.

The finale was the announcement and coronation of this year's queen, Gidget Bonazzoli. Her Court was also presented, consisting of Anne Blaisdell, Ann Leslie, Kathy Sturken, Lea Moreau, Judy Parker, and Lois Bussin.

Parade

Saturday afternoon, October 10, was cold and rainy, but in no way dampened the spirits of the crowd as it watched

C.S.C.'s annual Homecoming Parade.

"La Fiesta," this year's Homecoming theme, was seen in many different lights on the float entries by the senior, junior, sophomore and freshman classes and the Circle K Club.

Several C.S.C. students led the parade on horseback, and were followed by the Vergennes High School Band. This year's Homecoming Queen, Miss Gidget Bonazzoli and her court, Miss Cathy Sturken, Miss Lois Bussin, Miss Judy Parker, Miss Lea Moreau, Miss Ann Leslie and Miss Ann Blaisdell, came up behind the band in new convertibles. Following them were the floats at the end of the parade.

At the soccer game that began promptly at 2:00 p.m., the award for the "Best Float" was presented to the senior class.

La Fiesta

A very festive Homecoming Weekend was brought to a full and exciting climax by a dance held on Saturday evening. The atmosphere inside the gym depicted the Spanish theme "La Fiesta" which was displayed in white and blue napkins at the far end of the dance floor. The center of the gym brought to light a colorful Spanish garden of palm trees and flowers arranged around a shimmering garden pond. Couples danced around this garden to the light dance music of the Music Messengers who added their talents to make the dance a success. During a short intermission, Student Association president Ron Butterfield presented Queen Gidget and her court Sharon McLeod, Homecoming chairman presented our queen with a bouquet of red roses. Refreshments of cookies and punch, and favors consisting of maracas were given out, crowning the close of Homecoming 1964.

THE WINNING FLOAT

The winning float—the Class of 1965, after three years of catastrophe with their floats, finally win.

Page 1 To Obtain Student Aid

For worthy and deserving students who are unable to meet college expenses, C.S.C. tries to provide aid. The main way which this is done is through the granting of loans, since the Federal Government awards to the college \$9 for every \$1 it provides for this purpose. Any student in good standing who really believes that he deserves aid may apply for one or more of the ten available loans. Applications may be obtained from the Dean of Students. These, when filled out, are sent to the College Scholarship Service in Princeton, New Jersey, which decides whether or not the student is worthy of a loan and how much aid he should be given. The decisions are made on the basis of such things as: how many children there are in the family, how many of these are in college or require other forms of aid, the financial status of the family, and the manner in which the family lives. Students who do not receive a loan the first time they try may re-apply if they believe that circumstances warrant it. A summary of each of the loans is as follows:

1. Margaret Ruiter Kelley Memorial Loan Fund

Non-interest loans made in varying amounts to Vermont students in a State collegiate program of elementary education. The amount is payable on or before the first of July following completion of the first year of teaching employment.

2. Grace S. Mounce Student Aid Fund

Loans are made in varying amounts to Vermont students and bear an interest rate of 2% annually beginning at completion of college. The amount is to be repaid in full at the end of two years.

3. Lock-Hartness Loan Fund

Sums of \$10 or less are loaned to students for a limited time without interest.

4. Rutland County Grammar School Loan Fund

Non-interest bearing loans made primarily to Rutland County students.

5. State Federation Loan Fund

Loans up to \$125 are available by the State Federation of Women's Clubs to junior and senior women students.

6. Gary-Tupper Fund

Sums of \$200, to be repaid within four years at \$50 a year, are available to young women in junior or senior year who are interested in teaching in rural schools.

7. Vermont Teachers' Association Loan Fund

A fund of \$500 had been established for senior women to help finance their education.

8. O'Connor Loan Fund

Non-interest bearing loans are made to worthy student for a limited time.

9. National Defense Education Fund

This federal loan fund provides loans of up to the total of college expenses (but not to exceed \$1,000 per year) for a limited number of qualified students. This fund is particularly attractive to prospective teachers because 10% is forgiven for each year of teaching service up to a maximum of 50%.

10. United Student Aid Fund

A new \$40,000 loan fund has been established by the Board of Trustees, using the endorsement of the United Student Aid Funds Corporation to secure loans made by local banks to eligible students.

Circle "K"

Last year the first Circle K Club in Vermont was chartered at Castleton State College. Circle K is the Kiwanis Club on the college level. Today Circle K has been on campus for one year and a year of complete success.

For those at Castleton who know little or nothing about Circle K, it is a college organization sponsored by the Rutland Kiwanis Club. Circle K is not a social fraternity as many have been led to believe, but a service organization for college men operating on the campus and is similar in most aspects to the Kiwanis Club and other service clubs. It is a leadership and character building group which serves the campus and the community. Circle K helps to broaden the opportunities available to students through personal contact with business and professional leaders. It also provides a means for the development of leadership and initiative among students not to be found in the regular college curriculum. This is very essential for those students who will be living in communities where they will be doing their practice teaching. Circle K helps to develop future leaders and citizens essential for a strong democratic nation. Circle K maintains an important tie with the community and enhances the campus-community relationship. The motto of Circle K is "We build"—that is, it builds for justice, liberty, democracy, and a better American Way. Circle K is a driving force seeking to develop leadership for tomorrow while it creates better college and community today.

For those interested in becoming a member of Circle K, one must be of good character and scholastic standing. Circle K is a voluntary organization for male students only, accordingly they can and do choose their own members. Interested parties are welcomed to attend our meetings every Wednesday night at 7:00 p.m. downstairs in the dining hall.

New Faculty

(Continued from page 1)

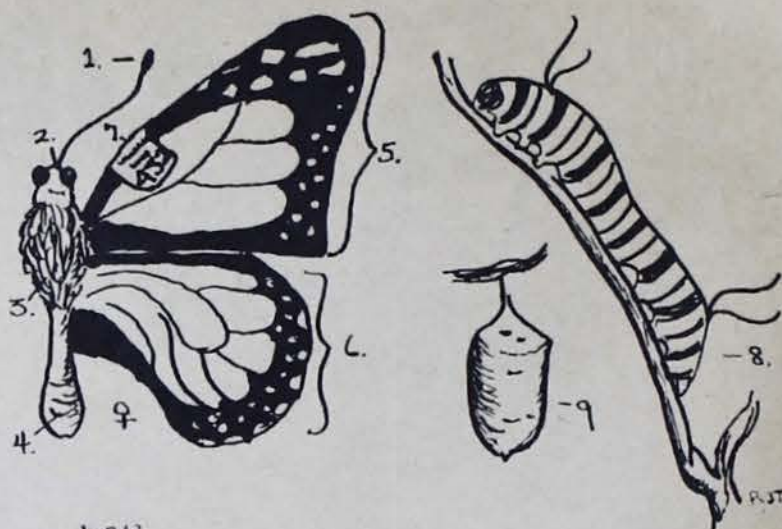

Thomas H. Smith of Schenectady, N. Y., replaces Dr. Edna Steeves, who resigned the post of instructor in English. Mr. Smith received his bachelor of arts degree with an English major at New York State College for Teachers at Albany, where he minored in speech and drama. He received an M.A. from Rutgers in English Language and Literature. He has completed courses and passed qualifying examinations toward a Ph.D. from Rutgers.

Mr. Smith has been a teaching assistant at Rutgers, as well as a part time instructor. In 1963 he was an instructor at Union College in Schenectady. He has had several poems published, under the name T. Henry Smith.

Louis Giardini of New Rochelle, N. Y., who was graduated with a B.A. degree from Middlebury College in 1962 and received an M.A. degree Equivalency Certificate from the University of Florence, Italy, last year, is the new foreign languages instructor. Giardini has been an instructor in French at the College of St. Rose, Albany, N. Y., and a translator of travel books for an Italian publishing firm.

NOTICE

Student Court will meet every Monday night at 6:00 p.m. in Woodruff Auditorium. Anyone may go, whether a spectator or a participant. His Honor, Robert Underhill is Student Court judge.

Science Research At Castleton

by Kathleen Donnelly

Roberta Tilley, a resident student in her first semester at Castleton, is helping to carry on a science research project lead by Dr. Eckhart of the Zoology Department of the University of Toronto. The purpose of the project is to observe the life cycle and migration route of the Monarch butterfly.

The project was begun in 1950 by Dr. Erkhart and a group of students. Many problems developed. They knew that the Monarch annually migrated to California and little else. Naturally, the Monarch had to be marked in some way. The question was how? It was decided that they would spray the butterflies with paint. This, however, proved unsuccessful. People, seeing the brightly colored butterflies, would catch and kill them. Next they tried punching holes in the wings and gluing small paper tags to them. This too proved unsuccessful, for the glue was harsh and tore them. Then they experimented with a water soluble glue. Once again they failed; the glue would not hold in the warm, moist Pacific air. Finally, due to a mistake in the manufacturing of the tags, they began to use a pressure sensitive glue. This glue virtually revolutionized the banding of Monarchs.

Late in the summer Roberta collected a number of caterpillars. She placed them in jars containing a few twigs and some milkweed. The caterpillars live on milkweed and the adult butterflies live on the blossoms. The caterpillars spun their chrysalises on the twigs and on the sides of the jars. After ten days the caterpillars emerged as adult

Monarch butterflies. For three or four hours the butterflies were allowed to dry their wings. Then Roberts proceeded to band them. "You hold the thorax (the main portion of the butterfly's body) in your left hand between the thumb and the finger. With your right hand you rub the scales off the right forewing about 1 1/2 centimeters from the butterfly's body until the area is as clear as cellophane." Then you fold a small paper tag over the margin of the wing. On one side of the tag is a number; the other side reads "Send to Zoology, University of Toronto."

Roberta had to keep accurate records. After she released all of the banded butterflies, she had to write a detailed report. The report was in the form of a table. The information on it consisted of the butterfly's tag number and the location, date, time, temperature, wind direction and speed, and the cloud cover where the butterfly was released.

Monarch butterflies have been known to travel as far as Australia, China, and to the British Isles. It was discovered that they are able to float on water. In traveling across land they always stop to rest on the same trees each year. It is believed that this is due to the scent pouches on the males. These trees are called "butterfly trees."

The Monarch has a life span of about one year. Male Monarchs seldom return this far north from the trip to California. The females usually only live long enough to return from California and lay their eggs.

If anyone finds a banded Monarch, please report it to the University of Toronto. Do not kill it.

Freshman Class

This year's Freshman class, numbering 169 students, is the largest that Castleton has ever seen; and is also, reported by some, one of the best!

The new students come from a wide variety of states with Vermont, of course, carrying the highest number. There is even one representative from as far away as the Dominican Republic. The roll call of states is as follows:

Vermont	127
New York	28
Massachusetts	8
Connecticut	4
Pennsylvania	2
Maryland	2
Dominican Republic	1

NOTICE

Morrill House will be having their Annual Open House, Wednesday, October 28, at 8:00 a.m. Everyone is invited including the girls.

NOTICE

Anyone caught misusing the furniture in the new lounge will be reported to the Student Court. This furniture is for your use. Treat it as you would your own. Also if there is any "rough housing" in the table tennis room, it will be closed.

CASTLETOON

by MIKE BOVE

- C.S.C. Sports Corner -

SOCCER TEAM

C.S.C. "Spartans"--1964 Spartan Soccer team is out to capture another N.A.I.A. Championship. The team is lead by Co-Captains Bucky Knisley and Mark Mooney. Coach Richard Terry this year is assisted by Arthur DeLorenzo.

Spartans Capture 5th Win At Homecoming

Windham, Fitchburg, and North Adams are Castleton's initial victories.

Castleton's defending N.A.I.A. soccer team began the season just as they ended last year's season. Opening up here against Windham they rolled to an easy and impressive 10-1 victory. Next came a weak North Adams team which went under much the same way as did Windham. The score of that was a lop-sided 7-1.

Fitchburg, last year's Homecoming victor, was beaten by Dick Terry's forces for the first time on their field. Dave Hartman and co-captain Mark Mooney provided all the scoring punch needed as the Spartan defense of Steve Hazen, Gunars Vilinskis, Dave Lucia, Butch West, and goalkeeper Charlie Turek prevented the Fitchburg offense from scoring.

North Adams, at home, was almost a repeat performance as a host of Green and White players riddled the Mohawk defense. This time the Spartan offense exploded for 9 goals while only allowing a single goal.

With four consecutive victories behind them, the Spartans met a determined St. Michael's team at Homecoming. In spite of the cold and the wind, many enthusiastic spectators came to support the Spartans and to see how our talented team could do against a team from a much larger college.

From the start of the game the action was intense. St. Mike's strategy seemed to be to stop Bucky Knisley. Hoping to make our All America less effective, they played a close man-to-man against Bucky. In spite of this strategy, Bucky faked his "shadow" and received a pass from Steve Hazen and rammed home a goal before the game was a minute old. Minutes later Charlie Wood scored, giving us a 2-0 lead. It appeared that the Spartans were on their way to another high

scoring game. The St. Michael's defense, however, buckled down and managed to keep our offense from scoring. Our high powered offense couldn't seem to find the range although they had many shots at the goal.

Time and time again the aggressive defense kept St. Mike's from scoring. The "Sensational Six" of Bruce Wright, Butch West, Steve Hazen, Gunars Vilinskis, Dave Lucia, and Charlie Turek turned in great defensive efforts. These ever-hustling defensive men battled a determined St. Mike's offense throughout the game. Our defense was too much for St. Mike's as our two goals were all that were needed in this 2-0 victory.

If anyone had any doubt of Charlie Turek's capability of taking over in the nets where Lee Orvis played so effectively last year, they were surely convinced of Charlie's ability in this game. Charlie turned in a great defensive effort as he made 15 saves. Many times it appeared that a St. Mike's shot would find the nets but everytime it was Turek who, somehow, managed to get between the goal and the ball for another fantastic save.

Although this year's team has many individual stars, it is a team that works as a unit. This team has been winning because they are all pulling together in one common cause. The Spartan's have great depth this year. The second team has been almost as effective as the first team. This has enabled coach Terry to rest his starters without taking a big chance. We are very lucky to have Art DeLorenzo as assistant coach this year. It would be almost impossible for head coach Terry to work with this large squad without the able assistance of Art. These two men have worked hard, the team has worked hard, and now we have a winner that we are all very proud of.

1964 Soccer Roster

The members of the N.A.I.A. Soccer Championship team are as follows: Hector Aponte, freshman; Gene Barrows, senior; Jay Edwards, sophomore; Bill Gough, freshman; Bob Gregory, sophomore; Phil Harrington, freshman; Dave Hartman, sophomore; Steve Hazen, sophomore; Bucky Knisley (co-captain), senior; Jim Larkin, sophomore; Hank Leon, freshman; Bruce Locke, junior; Dave Lucia, junior; Charlie Manchester, junior; Phil Marks, sophomore; Mark Mooney (co-captain), senior; Buzz Rathgeber, junior; Jack Schnorr, sophomore; Bob Snarski, freshman; Charlie Turek, senior; Gunars Vilinskis, senior; Dan Violette, junior; Butch West, sophomore; Charlie Wood, junior; and Bruce Wright, senior.

Dick Terry is the head coach and is assisted by Art DeLorenzo. The manager is Bob Perry; Bob Purnell is the assistant manager.

Your support is necessary if you expect our team to win, so let's get out and support our team. Let's cheer them on to another N.A.I.A. Championship:

Junior Spartans

The junior edition of Castleton's soccer team has also posted an undefeated season thus far as they have captured all of their first three starts.

In their initial encounter they traveled to Randolph where they found an inexperienced Vermont Tech team an easy prey. Freshman Bill Gough tallied three goals; Jay Edwards and Bob Scoski added one each for a 5-0 verdict. The able defense was led by Bob Perry, Dan Violette, Jim Larkin and goalkeeper Hank Leon.

Middlebury's J.V. was next on the schedule, but the size of the school made no impression on the scrappy Green and White as they won easily 8-3. Freshman Phil Harrington led the offense with two goals. Again the defense proved the difference as Perry, Violette, Larkin, Bruce Locke, and Leon turned in fine jobs.

Nathaniel Hawthorne's varsity was the third to fall before our junior Spartans. Our men dropped them 4-1. Fullback Jim Larkin booted home two perfect penalty shots and Tom Southworth tallied two from the field for the Spartans' scores. Goalkeeper Hank Leon turned in a tremendous job in the goal, allowing only one of the many shots taken at him to find the nets. Bruce Locke and Bob Perry were outstanding on defense.

1. Do not go over your allocation.
2. Keep a ledger—to the penny. This ledger is to be made available for the scrutiny of the Treasurer and Finance Committee.

M. T. Dufresne, Secretary.

C. S. C. Library

LIBRARY HOURS

Monday-Friday, 8:00 a.m.-5:00 p.m.;
7:00-10:00 p.m.
Saturday 8:00 a.m.-12:00 Noon;
1:00 p.m.-4:00 p.m.
Sunday 7:00 p.m.-10:00 p.m.

USE OF THE LIBRARY

All materials taken from the Library must be properly charged at the Charge Desk to the borrower.

Please sign both first and last names in full; no nicknames. The person taking the material out is the one charged with it; regardless of whether he is taking it out for another.

All materials charged out are returned to the Charge Desk.

When browsing, please do not return books or magazines to the shelves. Leave them on the cart beside the Charge Desk.

Please be quiet and avoid extended conversations. Inconsiderate people will be required to leave the Library.

GENERAL BOOKS

General books circulate for three weeks and are not renewable without special permission.

A return notice will be sent if a book is not returned on the date stamped.

If a second notice to return is sent a charge of twenty-five cents will be made.

A fine of One Dollar is then charged if the book is not returned promptly.

A lost book will be billed to the student at cost.

A student will be suspended from the College for unpaid Library bills.

RESERVE BOOKS

The majority of the materials placed on Reserve by the instructors may be charged out for overnight use as well as for use in the Library. Overnight use reserve books and other reserve materials may be signed out fifteen minutes before closing time, and are to be returned the following morning before 9:00 a.m. and on Sunday before 7:15 p.m. A fine of twenty-five cents an hour is charged on each item not returned on time.

Reserve materials may be reserved for overnight use at any time during the same day they are wanted.

REFERENCE MATERIALS

Reference books may not be taken from the Library at any time.

Other Reference materials which remain in the Library include college and university catalogs, microfilms, vertical file pamphlets and audio-visual material.

MAGAZINES AND NEWSPAPERS

Magazines and newspapers may be taken from the Library.

JUVENILE BOOKS

Juvenile books are located in the Education Office, downstairs in Woodruff Hall.

MICRO-VIEWER

A microfilm viewer is located to the right of the Charge Desk. Micro-films are placed in the metal cabinet near the micro-viewer. Persons unfamiliar with the use of this machine please seek aid from the Library Assistant.

CARD CATALOG

This catalog is so made that there are ordinarily three ways of finding a book, namely—

FIRST—Under the AUTHOR'S last name.

SECOND—Under the TITLE of the book.

THIRD—Under the SUBJECT to which the book relates.

Cards are arranged alphabetically by the first word on the top line, always disregarding "THE," "A" and "AN."

To find whether the Library has a

book, consult the catalog as you would a dictionary or a telephone book:

EXAMPLE—To find what books the Library has by James Russell Lowell, look for LOWELL in its alphabetical place.

If the book entitled "The Camera Man" is wanted, look for CAMERA, the first word of the title not an article.

To find books on the subject U. S. HISTORY look for these words, where all the cards representing the books on this subject are filed together.

Many large subjects such as the above are subdivided to aid in the location of specific material.

Cards ABOUT a person follow the cards representing the person as author.

CALL NUMBER

The number at the top left of the card constitutes the "CALL NUMBER" and directs you to the book's location on the shelves. The books are shelved in numerical order.

The letter "R" preceding the call number indicates a reference work, shelved with the reference collection and not for circulation.

IF YOU DO NOT FIND A BOOK

If you have taken down the Call Number, looked on the shelf at the proper location, and do not find the book, ask at the Charge Desk. The book may be charged out or may be missing. The Library Assistant will tell you; and in case the book is not listed as "out" or "Missing" will be glad to check with you to be sure that you have not overlooked the book.

The Librarian or any of the Assistants will be glad to help you with any Library problem at any time.

The Enchanted

(Continued from page 1)

Ron Pulvino of Lawrence, Mass.; Sound, Dick Benton of Rutland and Trisha Powsner of Shaftsbury; Lighting Design, David deSchweinitz of Peru, and Bob Purnell of Bennington. The costumes will be by Joanne Dart of Ithaca, N. Y. and Diane Barillaro of Meriden, Conn.; the make-up by Mary Reilly of Rutland and Anne Clark of Brattleboro; the props by Sue O'Neill of Castleton and Barbara McLaughlin of Springfield.

The set chairman is Seeley Morton of Springfield. He is assisted by Loucille LeBlanc, Springfield; Donna Franks, Deplain, Illinois; Lorraine Hance, Rutland; Kathy Manghuc, Sheffield, Mass.; Mary Ann Dunn, New Hope, Pa.; Terry Diers; Mike Fisher, Warrensburg, N. Y.; Frank Brigante, Winooski; Mike Bove, Burlington; and Rosemary Pugliski, Stratford, Conn.

Advertising will be done by Carolyn Jenkins, Jackson Heights, L. I., N. Y.; Gracemary Keither, Rutland, and Peter Marsh, Rutland.

Delta Psi Omega, the National Drama Fraternity, has announced plans to operate a "cellar" which hopefully will open for this first production.

On both nights the curtain will go up at 8:00 p.m. at Ellis Gymnasium. Admission is free to Castleton students and the public is invited.

NOTICE

The Senate meets every Monday night at 6:30 p.m. in Woodruff Auditorium. The Student Body is welcomed. Anyone may speak, but only those members of the Senate have the right to vote. This is a chance to see your student government in action.

SPARTAN LEADS HORSEMEN

Vic Sqambato, Dick Benton, Spartan, and Elaine Juare lead group of horsemen.

Schedule Of Events

Oct. 15—Spartan, 7:00 p.m., Room 1.
Oct. 19—Student Christian Association, 6:30 p.m.
Oct. 21—Circle K, 7:00 p.m., Dining Hall.
Oct. 22—Spartan, 7:00 p.m., Room 1.
Oct. 26—Student Christian Association, 6:30 p.m.
Oct. 28—Circle K, 7:00 p.m., Dining Hall.
Morril House—Open House, 8:00 p.m.
Oct. 29—Spartan, 7:00 p.m., Room 1.
Opening of *The Enchanted*, 8:00 p.m.
Oct. 30—*The Enchanted*, 8:00 p.m.
Nov. 2—Hillel Club, 4:30 p.m.
Student Christian Association, 6:30 p.m.
Nov. 3—Newman Club, 6:30 p.m., Woodruff.
Nov. 4—Circle K, 7:00 p.m., Dining Hall.
Nov. 7—Midsemester Grades Due.
Nov. 9—Student Christian Association, 6:30 p.m.
Nov. 11—Circle K, 7:00 p.m., Dining Hall.

Nov. 13—Spartan, 7:00 p.m., Room 1.
Nov. 16—Student Christian Association, 6:30 p.m.

Soccer Schedule

Oct. 19—Keene State College (A)
Oct. 21—Plattsburg State (H)
Oct. 24—Rhode Island (H)
Oct. 27—Lyndon State (H)
Oct. 29—Plymouth State (A)
Nov. 7—Howard University (A)

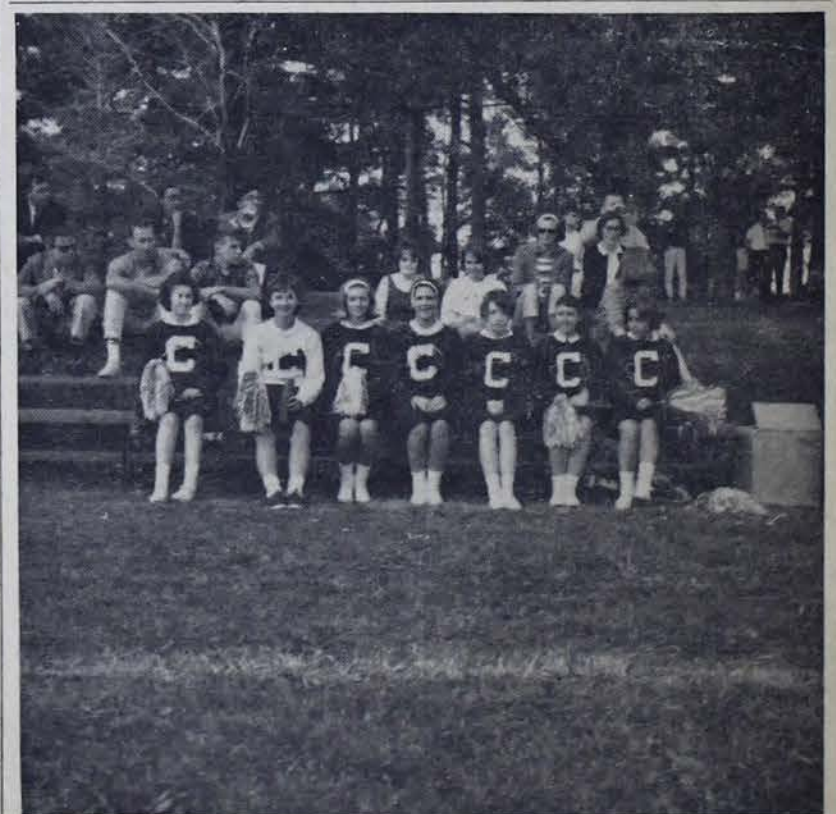

Home Games

2:00 p.m.—Saturdays
3:00 p.m.—Weekdays

NOTICE

Anyone interested in working on *The Spartan*, please feel free to come to our meetings every Thursday night at 7:00 p.m. in Room 1, Woodruff.

Also, anyone wishing to contribute an article is welcome to do so. Give article either to Tom Haynes, editor, or place it in Box 150 or 414 in Woodruff. We welcome suggestions and any constructive criticism. Let us know what you want to see in *The Spartan*.

1964 C.S.C. CHEERLEADERS

From left to right: Pat Quackenbush, Sharon McLeod, Captain: Maureen Fish, Bonnie Hood, Co-Captain: Betty Paloucci, Judy Braun, and Gidget Bonazzoli.

think students are more in going over the line or going home than they are in participating in school activities.

Sharon McLeod—Yes and no. Some people feel that they can't take the time. Homework is more important.

Jim Streeter—Yes. Everyone goes home on weekends, and there's competition with the New York State line. And, the line wins.

Sue Carrara—Yes. Students do not have enough pride in this school to want to support campus activities.

Janet Borkman—No. There usually seems to be a good crowd at soccer games and basketball games.

Ronnie Butterfield—Yes. There isn't enough time in the day for students to join every activity. Students think they will gain more toward a future job by doing well in their school work than they will gain by taking part in school activities.

Rosemary Puglisi—Yes. Students think that it's a status symbol to go OTL in preference to a planned school activity.

Bruce Locke—Yes and No. Some students are very active, but most have a very lackadaisical attitude.

Assembly

An assembly was held Friday, October 2 from 1:00 to 2:00 p.m. at the college gymnasium. The purpose of the assembly was to swear into office the officers of the Student Association and the delegates to the Senate. Robert Underhill, Student Court judge, did the swearing. Student Association president, Ronald Butterfield presented former president John Duval with an engraved gavel which he had used last year to call the meetings to order.

Dean Black welcomed the freshmen to Castleton and spoke of our new improvements. She also listed the statistics which are a total student enrollment of 636 and 52 faculty members, 14 of whom are new.

The assembly was closed with Kathy Ross, Student Association vice-president, leading the student body in the Alma Mater.

Summer Jobs

The American Student Information Service has a summer job for those who want to go to Europe. More than 15,000 summer jobs are available throughout Europe. Openings include waiting on tables, teaching, factory work, stenographer, construction work, child care, camp counselors—and many more. Wages range up to about \$400 a month for the highest paying position in Germany or the Benelux countries.

A European summer job not only saves hundreds of dollars in travel expenses, but affords you the opportunity to meet and learn about Europeans as they really are. Travel grants and cash scholarships are available to all college students. So plan now for a fun-filled summer experience that will enrich your cultural background and your life. For further and complete information send two dollars to the American Student Information Service, Avenue de La Liberté; Luxembourg City, Grand Duchy of Luxembourg.

Thanksgiving Fast For Freedom

President Lyndon B. Johnson has joined the list of those who wish to endorse the Thanksgiving Fast for Freedom administered by the United States National Student Association.

The fast was also endorsed by the American Association of University Professors, which "gladly joins the committee of sponsors. . . . We are happy to endorse such a worthy program," in the words of AAUP President David Fellman, a political scientist at the University of Wisconsin.

The fast is sponsored by the USNSA, the Northern Student Movement, and the United States Youth Council, and is a means of securing food for Southern Negro families who have been victimized because of their participation in civil rights activities.

The procedure is simple: the students sign up to fast on November 19; the student government informs the campus dining services to order that much less food, and the money saved is then sent to the fast fund in Philadelphia.

With over 140 campuses participating in the fast, this will mean quite a bit of money, money which will be stretched only further through bulk buying and free shipment, courtesy of the Teamster's Union. For comparison, last year's fast involved 32 campuses and raised 40 tons of food for shipment south.

Previous endorsers of the fast include NAACP head Roy Wilkins, James Farmer of CORE, Arthur Flemming, president of the University of Oregon; Rev. Martin Luther King, Jr., and Frank Graham of the United Nations.

At a press conference November 6, Dr. King announced that these gentlemen, and the other members of the committee of sponsors (James Farmer of SNCC, A. Philip Randolph of the Sleeping Car Porters Union, President O. Meredith Wilson of the University of Minnesota and Dr. Ralph Bunche) would fast for freedom on the 19th.

Governor Hoff speaks before Assembly in the gymnasium.

Democratic Landslide In Vt.

The Democratic tide, which has been lapping at the floodwall of Vermont's Republican bastion for a decade, swept through at flood level November 3 and took the state.

Philip Hoff, elected in 1962, was the first Democratic elected governor in Vermont in 109 years. He was re-elected with ease November 3 ending another political tradition in Vermont. John Daley, the Democratic candidate for lieutenant governor, was catapulted to the center of the political stage by his victory.

Hoff and Daley became the first Democrats ever to be elected to state office in Vermont in a presidential election year.

While Hoff and Daley were sweeping to victory, Republicans Sen. Winston L. Prouty and U. S. Rep. Robert T. Stafford withstood this Democratic tide and were re-elected.

Hoff defeated Republican Lt. Gov. Ralph A. Foote, who had been the leader of the Vermont GOP, and Daley was elected lieutenant governor over Richard Snelling, Republican hopeful.

Thus, the Republican party that had presided over Vermont for more than 100 years was left without a single major state office.

Christmas Concerts

by Edd Garron

The Castleton State College Chorus, under the direction of Mr. Robert Aborn, chairman of the Music Department, will give two public concerts in this area next month.

On Sunday, December 13, the chorus will travel to Fair Haven and under the joint sponsorship of the Fair Haven churches they will give a concert at the Congregational Church there. The following night, the group of 41 will perform at the Federated Church here. Both concerts will begin at 8 p.m. and will be open to the public.

Included on this year's program will be a seventh century Christmas hymn arranged by Hugo Jungst, Tomas Luis da Vittoris's "O Magnum Mysterium," "Christmas Day," a choral fantasy on old carols by Gustav Holst and a "Russian Christmas Hymn" by Ippolitov-Ivanov. The highlight of the program will be the performance of Antonio Vivaldi's Gloria. The "Gloria in excelsis . . ." is the second section of the Roman Catholic Mass. In the context of the Mass this hymn is sung by the angels to announce Christ's birth. Out of the context of the Mass it expresses a devotion of towering strength, especially in the festive setting of Vivaldi.

Dr. Robert English of Green Mountain College will accompany the chorus during the 12 movements of the Gloria.

The chorus is beginning its fifth year under Mr. Aborn. Among its activities last year was a spring concert tour enthusiastically received in Springfield, Vergennes, Rutland and Dorset. The chorus also produced an album manufactured by the Audio Recording Co. of Garden City, N. J. entitled "Selections from Winter and Spring Concerts, 1963-1964." It was released last August.

Members of this year's chorus are Miriam Allen, Kathy Butterfield, Peggy Connolly, Jane DeCarolis, Linda McIntyre, Judy Newton, Theresa Prybylo, Jonica Stedman, Cathy Stephens, Cindy Stroble, Cynthia Barr, Mary Jane Bosworth, Margarite Dufresne, Virginia Keane, Janine Lincourt and Barbara Spear.

Also Judy Allen, Joyce Austin, Gwyn Case, Cheryl Ann Cooley, Joanne Dart, Valerie Hastings, Linda Smith, Felicity South, Linda Beckwith, Sandra Cook, Jane Curtis, Pat DiCristofaro and Carol Jenkins.

Also, Ed Garron, David Hazen, Ken Holden, Ron Pulvino, Ray Sevigny, George Eddy, Nelson Jaquay, Alun Pritchard, Martin Tewksbury, Roland Williams and Dan Goodrich.

Have You Ever?

Studied for hours and hours and come up with a "D"?

Or studied not at all and passed with flying colors?

Gone to listen to music and found 50 people crowded into a cubby hole?

Or someone playing "Twinkle Twinkle Little Star" at top volume in the next room?

Been absolutely resolved to do an assignment in the library and been roasted out?

Tried to study when your roommate is on a talking jag?

(Continued on page 2)

From Educator To President

by Selden Brown

On November 3, the voters of the United States, gave Lyndon Baines Johnson a mandate to build "A Great Society."

The man in whom more than 42 million or 61.3 per cent of the voters put their trust was educated at Southwest Texas State Teachers College in San Marcos, Texas, about 40 miles from Johnson City. Mr. Johnson received a bachelor of science degree from this college in 1930. He taught debating and public speaking at a Houston high school from 1930 until 1932 when he was given the job of secretary to Congressman Richard M. Kleberg. In 1935, President Roosevelt appointed Mr. Johnson, at the age of 27, Texas State Director of the National Youth Administration.

This election saw many changes in voting across the nation. Our own state of Vermont for the first time in its history, voted for a Democratic President. Maine voted for a Democratic President for the first time since 1912.

Five Southern states broke tradition and voted Republican, these states being: Louisiana, Mississippi, Alabama, Georgia, and South Carolina. Many voters split their ballots rather than voting the party line in: Kansas, Vermont, Oklahoma, South Dakota, Washington, Delaware, Wisconsin, Montana, and Pennsylvania.

It is possible that one of these days the statisticians will compute the percentage of voters who split their tickets, and the figure should be remarkable.

In my mind, as in the minds of others, it is difficult to see the meaning of this election. Why did Mrs. Johnson receive the greatest popular vote in the history of the country? It is because of dissatisfaction of the voters with the Republican candidates? It is difficult for me to believe that this is the sole reason. I would rather choose to believe that, as has been written many times in literature, that the people are reluctant to support new or untried ideas, that they would rather remain with the present policies.

Many people envision this as the last grasping hope of the Republican Party. I do not foresee the United States losing a strong two-party system which is, and has been a part of our heritage. In many states and sections of the country, such as Vermont and the Deep South, the two-party system is in effect for the first time in almost a century. The ideals and principles within its structure which are supported by many voters. I wholeheartedly believe that there is room for a conservative philosophy in both parties and that it is greatly needed to help stabilize and guide the government.

At this time, people wonder what will be the route taken to establish this "Great Society." It must be said that Lyndon Johnson is probably the most astute politician this country has seen in many decades. He has been in public office since 1937, when at the age of 29, he was elected to the House of Representatives from Texas. He has served in both the House and the Senate and has served as Senate Majority leader. He is with his length of service, a political politician and

is an admirer of the policies of the late President Roosevelt. I foresee President Johnson pushing his medical care for the aged and his anti-poverty bills through the 89th Congress when it meets. Forecasts at present predict a budget of slightly less than \$100 billion with a hold-the-line defense program. A cut in Federal excise taxes appears certain to be introduced and passed by a Democratic Congress. Do not expect much change in the farm program, except for a little increase in way of subsidies. He is proposing a no-strings-attached turnback to the states of possibly up to one billion dollars from the federal tax collectors. A greater urban renewal and aid to large cities program will probably be presented, whereby cities could get aid for traffic and transportation problems, deteriorating housing and aid and water pollution. A delicate item with Congress is federal aid to education and who should receive it. I am sure that the President's views and influence will be heard and felt on this issue. Also look for some military installations to close to meet defense budget. The President feels strongly about aid to education and student loans and scholarships, but has not mentioned them in his new programming to date. He has asked all of the members of his present cabinet to stay and I do not envision any radical changes in foreign policy.

Mr. Goldwater states that he will be unemployed in January and will devote his time to the rebuilding of the GOP. Just what influence he may still have and in what way he intends to rebuild the party are not definite at this time. I do feel that he has a cause and should work with his party, but it is quite apparent that he cannot dominate the party and win elections. I believe that the first part of his campaign was haphazardly managed and many press publications may not have been as fair as they could have been. The question now is, who lost—the man, his ideals or philosophy, or the party in general? One must not forget the dedication Mr. Goldwater has shown the GOP, especially when he was the Republican campaign chairman and spanned the country for the party causes. If Mr. Goldwater had run his entire campaign as he did the last week or so, he might have done better at the polls. Mr. Goldwater showed his greatness in his telegram to Mr. Johnson on November 4 when he pledged to aid the President in any way that he might do so and calling upon the American people to unite behind the President. In this message he showed the real Barry Goldwater.

President Johnson's victory speech is in some ways similar to the words of Lincoln and Kennedy. In 1858 Lincoln said, "A house divided against itself cannot stand." Kennedy in 1960 stated, "Ask not what your country can do for you, ask what you can do for your country."

President Johnson spoke thus on November 4, "Tonight we must face the world as one. Tonight our purpose must be to bind up our wounds to heal

(Continued on page 2)

Something New At C. S. C.

by Edd Garron

For the first time at CSC a physical education course is being offered in modern dancing. The class of five men and two women meets two hours a week and the course is worth one credit as an elective. More important than gaining one credit is the experience itself.

Though modern dance was introduced in America in 1927, many people still have no true conception of its purpose or meaning. Modern dancing was first established as a revolt against classical ballet. The innovators of this new school felt restrained by the limiting movements of ballet. Because every movement was strictly defined, they felt that the dance was only showing the feelings of the original choreographer and left no place for the performer's individual expression.

Though the word "modern" implies something new or recently invented, modern dance had its origins with primitive man. The primitives lived close to nature. By using creative

movement they communicated with the universe. By sensing and perceiving the tensions and rhythms of the universe, and then, using the body as a mode of expression, primitive man expressed his feelings in response to nature.

In the past and today man still has the drive within him to communicate his awareness and to discover the aesthetic aspects of life. Together with his inner feelings and emotions, combined with personal imagination, man creates with his body symbols to reveal his inner self and the sentiments of life: its joys, its sorrows, etc. . . .

The modern dance instructor, Mrs. Patricia Abraham, is presently drilling her pupils in muscular development exercises with concentration on strengthening the leg and the abdomen muscles of her dancers. She is striving to have her pupils gain greater control over their bodies, so they may have the ability to move in a more meaningful manner to express themselves.

Dormitories

tion is well under way on for two new dormitories and hall.

Work has just been started on an academic center behind Leavenworth Hall. This is all a part of a 1.8 million dollar building plan to improve Vermont's largest state college.

The construction company of H. P. Cummings of Ware, Mass., has on campus near the gym an army of men and equipment building the dorms and the dining hall. The expected and much hoped for date of completion is next summer so that the buildings will be ready for use by the 1965 fall term.

Spartan Face Lifting

The new *Spartan* has been greatly improved. Last year's was smaller. It was a single sheet of printing on glossy paper. It had only four columns on each page and it was published infrequently.

The new *Spartan* is a four-page paper with five columns on each page. It is printed on newsprint paper. This has two advantages: newsprint is cheaper than glossy, and it looks more like a newspaper. The new *Spartan* will be published monthly.

We hope you like the new *Spartan* and will support it. If you would like to contribute an article contact Tom Haynes, editor, or place the article in Box 150 in Woodruff Hall. All contributions will be greatly appreciated.

Take Pride

Have any of you ever looked around the Rec Room or the new lounge at about noon?

It is a disgrace. I would be ashamed to show a friend this mess. Most of those who eat their lunches in the Rec Room don't throw the papers away. Many put cigarettes out on the floor. Sometimes students sit on the arms of the chairs in the lounge. Do you do these things at home? Well, if you do, you ought to be ashamed of yourself. What would your mother say if you put a cigarette out on the floor? Think of these things before you do them here. After all, this is your home for four years.

Would it do you any harm to bring your empty coffee cup to the counter or throw away the papers after you eat? Just because Bea runs the counter in the Rec Room it does not mean she should clean up your garbage. The appearance of the Rec Room and the lounge would be greatly improved if we would act like the college students we are instead of the children we appear to be.

Take pride in the appearance of your school.

From The Office Of S. A. President

To My Fellow Students:

A great amount of conversation and general disgust has been presented with the condition of the Rec Room, the Lounge, and the Ping Pong Room. It is your responsibility to report any infraction of the rules to one of the Student Court Judges or the Prosecuting Attorney. If you use the lame excuse, "but I don't want to turn in my buddy," then you are just as guilty as the person committing the infraction.

If you are content with letting this condition continue, then you have no one to blame but yourself. Aren't you sick of looking at this "garbage dump"?

Let's shape up and have a little pride in our meager facilities!

Ron Butterfield,
S.A. President

Educator To President

(Continued from page 1)

our history, and make this nation whole. This victory is a tribute to the program begun by our beloved President John F. Kennedy. It is a mandate for unity. It will be a government that provides equal opportunity for all and special privileges for none. It is a command to build on those principles and to move forward toward peace and a better life for all our people. I promise the best that is in me for as long as I am permitted to serve. I ask all those who opposed me to forget our differences, because there are many more things in America that unite us than divide us. . . . We will be on our way to try to achieve peace in our time for our people and try to keep our people prosperous. I would like to leave you tonight with the words of Abraham Lincoln: "Without the assistance of that Divine Being who ever attended us, I cannot succeed. With that assistance, I cannot fail."

I encourage every one to heed the words of Barry Goldwater and President Johnson and unite behind the President for the benefit of the nation in establishing "A Great Society."

Also bear in mind that our President received his first degree in the field of education which does give him a fact in common with the education students here at this college. Remember also that his Alma Mater was a State College just as is Castleton State College.

Have You Ever?

(Continued from page 1)

Planned to study all weekend and did?

Found your advisor when you needed him?

Tried to study with Beatle records playing in your room?

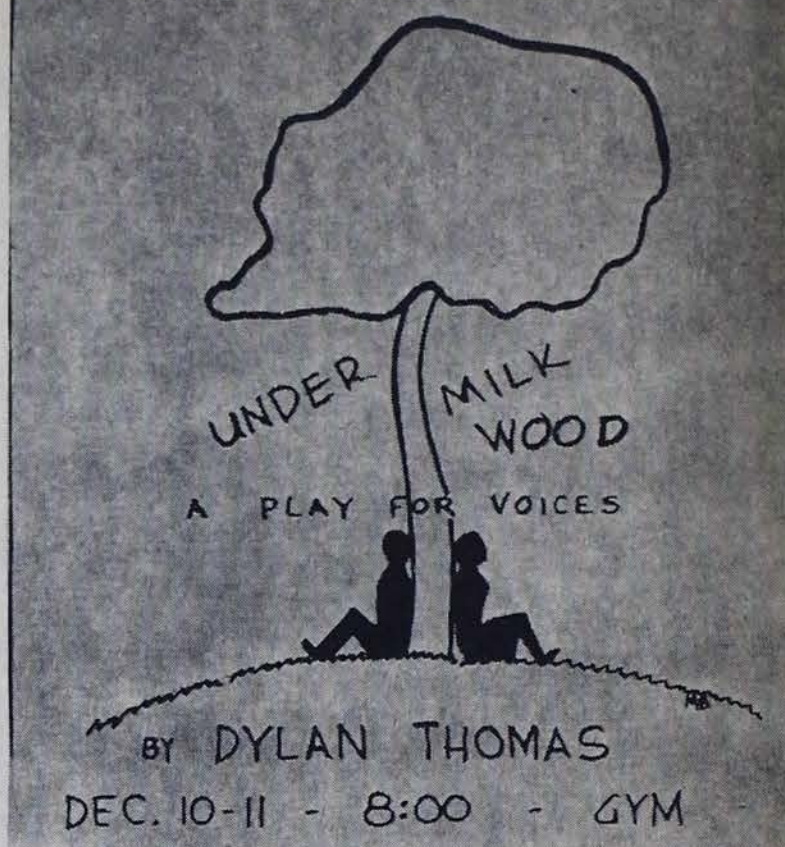

Had a chance for a "big" night out the night before an exam?

Had your homework done when the electricity goes off?

And—have you ever come to the conclusion: I'll either crack up or flunk out???

Now that midterm exams are over, Circle "K" is about to launch a membership drive. As a service club it can use new members. We are planning several good projects for this year—the sponsorship of the Boy Scout Troop, a Christmas party for the retarded class at Fair Haven, and several other community projects that need no publicity. If any young man on campus would like to expend a little energy for the good of humanity and fellowship, we offer an invitation to him to join with us.

THE CASTLETON PLAYERS PRESENT:

Under Milk Wood Opens

The Castleton Players take to the stage for their second production this fall, December 10 and 11 with the play *Under Milk Wood* by Dylan Thomas. It follows the very successful *Enchanted*, directed by Mr. Saul Elkin and played before large crowds in October.

Under Milk Wood is directed by Mr. Byron Avery. It is a moving and hilarious account of a spring day in a small Welsh town. The play begins with dreams and ghosts before dawn, moves through the noisy day of the townspeople, and closes as the "thin night darkens."

Newcomers to CSC this year will remember Alun Pritchard, Stephanie

Rowe, Martin Tewksbury, and Mike Bove from *The Enchanted*. Others returning to the Castleton stage include Bruce Bender, Louenna Avery, and Mr. Avery, all having appeared in *Bonds of Interest* last year. Others in the cast appearing in the Castleton theater for the first time are Thomas H. Smith, Anne Clark, Trisha Powsner, Linda Smith, Rosemary Puglisi, Sharon Considine, Diane Barillaro, Cindy Strobel, Larry Bauman, Joe Cleveland, Dick Ploof, Kathy Donnelly, Jean Dunsmore and Sharon Johnson. Music for the production will be by Robert Grimm.

Senate Briefs . . .

by Barbara Litz

September 14, 1964

Senate meetings are to be held on two alternate Mondays per month. The meetings start at 6:30 p.m. and are to last no longer than one hour. If a question is still on the floor at the end of the hour a committee will be appointed to discuss the issue, reach a conclusion, and bring the conclusion before the Senate to be voted upon.

For every 50 people in a ward there should be one delegate to the Senate.

Joyce Austin, Bob Reill and Mike Bove were appointed to draw up a design for Student Association stationery.

A committee was appointed to look into the possibility of bringing a major attraction to CSC. Appointed were: Vic Sgambato, Sharon McLeod, Ann Kuhn, Mary Ellen Burke, Joanne Socier, Dick Rousseau, and Haviland Tweedy. The committee's selections will be brought before the student body for a vote.

The purposes of the Hillel Club were brought before the Senate and voted upon. The Hillel Club is now recognized as a campus club.

September 28, 1964

Two people were accepted by the Senate to be Associate Judges. They are Susan Summers and Robert Knisley.

The following are members of the Publicity Committee: Anthony De-

George, Janine Lincourt, Haviland Tweedy, and Marsha Roach.

Members of the Social Rec Committee are: Sharon McLeod, Mary Ellen Burke, Dianne Paul, Dick Rousseau, Fred Roberts, Sue Summers, and Vic Sgambato.

Editor Regina Hurley informed the President of the SA that the title of the yearbook had returned to the *Castleton*.

Card tables were ordered (and they did arrive in time for Homecoming). October 19, 1964

The Varsity Club has discontinued the Shipwreck Weekend Picnic.

Haviland Tweedy of the Major Entertainment Committee gave his report. The committee wrote to the company and discovered that the four groups and the four singles were all booked and were too expensive. He suggested that the entertainment be postponed until next spring. The committee was to look for other available groups.

Dean Black was consulted about the Good Citizenship Award, and she suggested that the Senate draw up a list of possible students which will be presented to the faculty with the stipulation that the faculty could add to or subtract from the list.

Mr. Gulick reported that the Student Handbook would be available.

- C. S. C. Sports Corner -

1964 Castleton State College Basketball Team.

Basketball 1964-1965

CASTLETON, Vt.—November 16—The Castleton State College Spartans will open a 23-game basketball campaign November 23 as competitors in the Bangor, Maine, Paul Bunyan Tournament.

Another highlight of the schedule, just released by Coach Max Cogan, will be the First Annual Castleton Christmas Basketball Festival in nearby Rutland December 29 and 30.

Cogan said the tournament will be co-sponsored by the Rutland Chamber of Commerce and proceeds will go to the Christmas Seal campaign. Vermonters will have an opportunity to observe some excellent visiting basketball teams including Monmouth College of New Jersey, Rutgers College of South Jersey and Pace College of New York City.

The schedule also includes an away game with the powerful Jersey City State Goths, the NAIA District 31 representatives to the national small college tournament in Kansas City last year.

In the Paul Bunyan tournament Castleton will face such opponents as Husson College of Gorham, Maine, and Salem College of Massachusetts, both small college New England powers.

Most of Castleton's other opponents are members of the New England State College Athletic Conference.

Lost through graduation was last year's leading rebounder, Barry Aldinger. Howard Dewey, the Spartans' leading scorer and school record holder for his 50-point performance against New England College last year, has completed his eligibility.

Academic pressures have forced ace backcourt men Terry Gates and Marty Fitzgerald to forego basketball this season, although Marty, a Burlington, Vt. product, will be available for the second half of the season.

At first glance Castleton appears to have problems and a tough time ahead if it wants to top last year's 12-8 record, which was the best in the history of the college.

Despite the loss of key personnel and the severity of the schedule, prospects for a successful season appear "bright" to Dr. Cogan, in his second year as coach of the basketball Spartans. It

might be noted here that last year Cogan, before leading the Spartans to a successful campaign, looked upon the coming season with "guarded optimism."

The team shows a balance of veterans and new prospects, has reasonable height and speed, and most of all, Cogan pointed out, great desire. If it jells early it could be one of the finest teams in the school's history.

The squad is led by Co-captains Joe Girard of Glens Falls, N. Y., and Jack Yattaw of neighboring Hudson Falls, N. Y. Both, in the eyes of Coach Cogan, are "aggressive, complete ball-players with a wealth of experience," and are playing in their last years for Castleton.

Another outstanding backcourt man, Cogan said, is Bill Abrahamovich of Springfield, Vt. Abrahamovich, who has always been known as one of the great defensive players in the area, is demonstrating equal potency on offense.

Daniel Trainor of Whitehall, N. Y., a transfer from Plattsburgh State College and a former Whitehall High School star, is rapidly acclimating himself, Cogan said, to his new Vermont environment. Not many teams, the coach added, will possess backcourt men with the speed and rebounding ability of Trainor and Abrahamovich. Available for pivot and corner duty are 6-4 Jim Streeter of Glens Falls, N. Y., and 6-5 Bob (Ollie) Pietryka of West Rutland, Vt. These two men are expected to do heavy duty off the backboards.

Jim is a junior with all the moves and a fine eye. His worst enemy has been the extra pounds he has been carrying. Should he win the battle of the bulge, things will be difficult for Castleton's opponents, Cogan said. Pietryka is green but learning very fast.

Donald Porter of Springfield, Vt., may be the most improved player on the club. Don, 6-1, is a fine defensive player, an excellent leaper (New England State College High Jump Champion) and a fine jump shooter. His versatility makes him a leading candidate for a starting position.

Like Porter, senior John Ernest of Mifflintown, Pa., a transfer from the U. S. Naval Academy at Annapolis, is a man to be reckoned with. A husky

6-4, John has always been a fine shooter, and if his defensive play continues to improve, he will see a lot of action, Cogan said.

The team may get some additional help at the conclusion of the soccer season. Dan Violette, 6-2, a junior from Barre, Vt., who has moved up from last year's jayvees, is a rugged rebounder and a fine rebounder. He and 6-5 Phil Marks of Brandon, Vt., also a soccer player, could provide the team with a reservoir of rebounding strength. Both men are capable of breaking into the starting lineup, Cogan said.

Gunars Vilinskis of Germantown, N. Y., an outstanding shooter and rebounder, may also join the squad if family responsibilities permit. Although a married man with children, he is a hard nosed competitor who was a leading scorer at Albany Business College, playing with Howard Dewey, star of last year's Castleton team.

Women's Sports

This year women's sports has started off with a bang! This fall we have had a fine field hockey team that has played Green Mountain Junior College, U.V.M., and Skidmore in a playday, and Albany State College in both home and away games. The team has worked hard and we all hope that next year there can be more participation so we can win every game.

Let us now welcome our new J. V.

Cheerleaders to Castleton. They are: Co-Captain Pat Lavender, Janine Lincourt, Co-Captain Jane Mulligan, Pat White, Sue Whitman, and two substitutes, Peggy Connelly and Nancy Roach. We hope that more students will attend the J. V. and Varsity basketball games this season.

Volleyball practices have been started. We will be having a playday in November, so come on out, girls. Let's get on the court and win!

Soccer Team National Bound

On October 13, the Spartans continued their winning ways as they defeated a determined Johnson squad, 2-1.

Bill Gough netted a first period goal. Charlie Wood had the assist. Johnson tied the score and the two teams battled into the second period of overtime before Bucky Knisley took a pass from Gough and booted past the Johnson goalie for the decisive goal.

The Spartans traveled to Keene, N. H. on October 19 to take on an undefeated Keene team. It was evident from the opening period that this would be a defensive battle. Mark Mooney scored just before half-time and was assisted by Bill Gough. Mooney's goal was all that was needed as the Spartan defense showed their usual excellence and kept Keene from scoring. Final score—CSC 1, Keene 0.

At home, in front of a large crowd the Spartans put their overall 16-game winning streak on the line as they clashed with an undefeated Plattsburgh squad. The Spartans quickly took the lead as Bruce Wright scored on an assist by Mark Mooney. The two teams played evenly throughout the second period but the green and white began to roll in the second half when Bucky Knisley scored on a pass from Charlie Wood. Later, Dave Hartman took a pass from Tom Southworth and booted it into the nets. The final goal was scored by Phil Dembowski. Again it was our skillful defense that preserved another shut-out. The efforts of Bruce Wright, Butch West, Steve Hazen, Gunars Vilinskis and goalie Charlie Turek kept the Plattsburgh team from scoring.

October 24, the Spartans entertained a weak Rhode Island College squad. The Spartans gained an easy victory of 9-0. In the first period, goals were scored by Bucky Knisley and Charlie Manchester. The assists were by Dave Hartman and Bob Gregory. The Spartans tallied three goals in the

second quarter. Bill Gough scored twice and Phil Dembowski scored once. Charlie Wood, Bruce Wright and Tom Southworth assisted the goals. The third period was scoreless but the hungry Spartans scored four more goals in the final period. Bucky Knisley scored on an assist from Dembowski and freshman sensation Bill Gough turned in a great offensive effort as he scored three of his five goals in the final period. Gunars Vilinskis, Mark Mooney and Dan Violette assisted Gough's final goals.

The Spartans battled Lyndon at a home game before another good crowd on October 27. In the first period Bruce Wright booted a perfect penalty kick in from 25 yards out. In the second period, Dave Hartman took a pass from Wright and booted it past the Lyndon goalie to give the Spartans a 2-0 half-time edge. In the third period Bucky Knisley scored the final goal of the game; Hartman had the assist. Once again it was the great defensive efforts of Wright, Lucia, Hazen, Vilinskis and goalie Turek that enabled the Spartans to capture their 5th shut-out of the season and keep their winning streak alive at 19 straight.

The Spartans traveled to Plymouth on October 29, determined to win their 20th straight. Plymouth proved to be much stronger than the Spartans had expected. The two squads battled to even terms until the second period when Bucky Knisley put the Spartans in the scoring column. Knisley's goal was unassisted. Plymouth managed to penetrate the Spartan defense in the final period to tie the score at one. The score remained even until late in the fourth period when Knisley took a pass from Dave Hartman and rammed the winning goal into the nets. Final score—Spartans 2, Plymouth 1.

With an undefeated season and a 20-game winning streak behind him, Dick Terry took his Spartans to Washington to meet a strong Howard

Letter To The Editor

To the Editor:

The selection of a new President is over and the excitement is past. In the President's acceptance speech he said that we must all forget our differences and become one. I will go along with the unity idea but I cannot go along with him on forgetting our differences. This is still a free country, but for how long remains to be seen. I cannot go along with the Democratic idea of a welfare state, The Big Government with the Great White Father in Washington ready to hold our hand and give handouts. Also the socialistic trend that we are heading into worries me. I think that those of liberal ideas might do well to temper their joy and pleasure; and those who are in the conservative camp, while severely beaten, need not despair. For it seems very clear that the election was a rejection of a certain man; it was neither a repudiation of policies of genuine conservatism nor an embracing of big government. It is further significant that 25 million people did vote for Barry Goldwater, despite all of his errors and difficulties. These people are not to be discounted. It only goes to prove that millions are dissatisfied with the way the country is going and with the apathy of the people. These are the ones who are concerned with the state of our liberties. The liberties that men fought for so recently are being lost without even serious thought.

Mr. Goldwater ran against a very strong current; what with the claims of a so-called prosperity of the country; the emotional after-effects of the JFK assassination—which the Democrats used so cruelly and disgustingly to work on the emotions of the people. Apparently that is the way that Bobby got into the Senate also. Also the natural feeling of the people to give LBJ a chance because he wasn't in very long. All of this could have lost the election for any Republican. From where I sit, there are no longer a Democratic and Republican party, there are only Liberal and Conservative.

Mr. Johnson is a very proud man, a man who throws his weight around. He has already used his presidential powers in rather dubious ways; the exploitation of the FBI prestige to help in the Jenkins case, and the use of federal agencies to give out with favorable economic reports which would appear to aid him. He will use his powers to bend law-makers, business men and others who hold out on him by patronage and government contracts.

The Democrats claimed that Goldwater would start a war. What do they think is going on in Viet Nam? Maybe that is a picnic. Try telling the mothers whose sons are being returned in closed caskets that there is not a war going on, try telling it to the wives whose husbands have been shot down and killed. No sane man wants a war. Today war is horrible, way beyond concept—at least a nuclear war. But does this make free men's principles any less in validity? If it does, then shouldn't we be giving it up now? Only by being unfearful of war can there be a complete feeling of no worry or terror. People would be fools if they had not feeling toward this.

Mr. Goldwater voted against the Civil Rights Bill, but only against its present form. The present form gives Negro rights by taking them away from the white. Much that has been done in the name of civil rights will be regretted later on. We did not need a bloody revolution in this country; no, we did it nice and peaceful like. Certainly the Kremlin and the other Communist nations did not

Leavenworth News

by Barbara Litz

On October 14, a double surprise party was given by residents of the dorm for Mrs. Clarey and Pam Orr. It was Mrs. Clarey's birthday and Pam's bridal shower.

Nancy Martinovich was elected secretary at the November dorm meeting. The rest of the officers remain as elected last spring: Susan Summers, president; Barbara Litz, vice president; Lois Bussin, treasurer and Roberta Kline, representative to the senate. It was also decided to have open house just before Christmas vacation.

Smile A Mile

by Sue Carrara

Anatomy Lesson. In the human being, the wishbone is located just under the hat.

Definitions:

Laugh: A smile that burst.

Swimsuit: Peek-ini.

Tequila: Gulp of Mexico.

Diet: Art of sylph-defense.

Signs.

Along highway: Smile—you're on radar.

In store window: In compliance with the President's campaign to abolish poverty, we have raised our prices.

Flashes in plane landing at Las Vegas: Fasten your money belts.

Over door to campus beauty parlor: "The Mop Shop."

Bumper sticker on Chinese-laundry truck: "Ubangi-Upayee."

On door of watch repair shop: "Out to unwind—back in 10 minutes."

And did you hear about the poor but honest cowboy who called his horse "Hi Ho stainless?"

Toast to a Peace Corps recruit: "Here today, Ghana tomorrow!"

A Castro harangue—all preaches and scream.

want Goldwater in for President. They are afraid of him, afraid that he would not give our money to them so freely and that they would not be able to twist him to their way of thinking. They know that when he spoke, that they had something to be afraid of. They might have to put up or shut up as the saying goes. As for saying that Goldwater would push the button—well that statement sickens me. Do people think that the button is stuck on the President's desk? Don't they know how much has to be done before anyone can give the order to fire? That so-called button is way out in SAC at an Air Force Base somewhere out west.

I only hope that those of you who voted for LBJ are saying your prayers that nothing happens to LBJ. For should he die, the man who will be sitting in his chair is so liberal that if it wasn't so tragic it would be funny. And he is only a heartbeat from that position. But as Arthur Godfrey said the day after the election, he hoped that the people were happy with their choice. They will get just what they voted for—a welfare state, a socialistic society, and perhaps if they are really lucky, they might even get Martin Luther King for President in 1968. Now that we have LBJ, we are stuck with him for the next four years. God help this country.

One thing I would like to make clear, I am an American before I am a Democrat or Republican.

James Mehalick

Morrill House

On Wednesday, October 28th, the men of Morrill House opened their doors to all visitors. From 7:00-10:00, 145 visitors were guided through the men's dorm and were treated to cider and doughnuts. A five dollar door prize was given to Larry DeShaw.

Jay Edwards was the chairman in charge of all committees at the open house. His committees and those on the committees are as follows:

Entertainment: Roland Williams.

Hosts: Frank Brigante, Dave Baker, Phil Marks, and Bob Seoskie.

Decoration: Alan Muir, Mike Allen, Steve Petelle, and Marco Cabral.

Clean up: Dick Rousseau, Bob Purnell, Dave Hazen, and Craig Cooke.

Publicity: Lee Orvis, Chris Workman, and Lewis French.

Refreshments: Dave Senecal, Ralph Senecal, Mike Fisher, Roger Keyser, Jack Schnorr, Lee Ingram, Tom Lewis, Dave LaPan, Tom Southworth, Bill Besaw, Tom Harrington, and Ralph Simpson.

Ellis Dorm News

by Lea Moreau

The first meeting of the month was held on October 5th. The topic of adopting a child was discussed but left for further consideration. Linda Smith was nominated general chairman for the open house to be held on October 15th. The results of the Senate were as follows: Judy Newton, Jane Davis, and Sarah Badger. It was decided that there would be a coffee hour on the 9th of November for the incoming upperclassmen and maybe a Christmas Party.

On October 14, a special meeting was called for freshmen only to discuss the house rules. It mostly pertained to improper signing out.

The next meeting was held on November 2nd. Linda Smith gave a report on open house plans and asked for volunteers to help her. There was quite a controversy as to the curfews after school activities. The controversy was not mainly over the curfew itself but over the fact that the Leavenworth girls usually have a later curfew than Ellis and the girls feel that the house mothers should get together on setting the hours. Also the fact that student petitions are not recognized was mentioned as no matter whether we bring something up at a dorm meeting or sign a petition the efforts are useless as nothing really gets accomplished.

On November 9th a very short meeting was held just before the coffee hour. It was decided that the adopting of the child would be held on a voluntary basis. It was noted on that, Lea Moreau would replace Sarah Badger as delegate to the Senate.

SPORTS FLASH

Castleton's Terrymen are off to the nationals in New Jersey after defeating Gordon College Tuesday, November 17 at the University of Massachusetts. Early in the first period, Bill Gough scored the winning and only goal of the game. Castleton's defense was led as usual by Goalkeeper Charlie Turek, who made a number of saves. Friday, November 27 and Saturday, November 28 are the dates for the finals.

Again—the final score was Castleton 1, Gordon 0. Looks like maybe another N.A.I.A. Championship for the Terrymen. Castleton's soccer team stands now with 22 wins and one defeat, that at Howard University. The Howard game was non-conference. Now it is off to the nationals at Montclair, N. J.

Dr. Slettehaugh, chairman of the art department of Frostburg State College.

Art Exhibit Of Interest To Teachers

A new art exhibit at Castleton until November 30 is of special interest to teachers. It is an exhibit of drawings and serigraphs by Dr. Thomas Slettehaugh, an authority on children's tactile responses to ceramic forms, which is a study related to the Russian experiments of seeing color with the finger tips.

Dr. Slettehaugh, chairman of the Art Department at Frostburg State College, Frostburg, Md., is a graduate of Williams College, Syracuse University, University of Minnesota and Pennsylvania State University. He has taught throughout the United States, including the Carnegie Techni-

cal Institute at Pittsburgh, Pa., and summers at the Chautauqua, N. Y. Center of Syracuse University. He has been published widely in educational journals on such subjects as "Responses of College Students to Super Sensory Motivations for Originality in Expression." In addition to his research, Dr. Slettehaugh is well known as an artist, and has exhibited in over 100 national and regional shows, and won major awards in printmaking.

The exhibit of drawgraphs is a composite of new techniques developed by the artist at the "Three Arts Festival" in Pittsburgh, Pa. in 1961-64. The show is free and open to the public.

Soccer Team National Bound

(Continued from page 3)

University squad. Most of the Howard squad was made up of Nigerians who specialize in soccer and were from a campus of 8,000 students. Although the Spartans showed their usual hustle, they were overcome 3-1 in a game which could have gone either way until the final period.

Howard scored a fluke goal in the opening period when they intercepted a pass from Bruce Wright to Charlie Turek and booted it into the unguarded nets. Wright's penalty kick, late in the first period, tied the game. There were no scores in the second and third periods but Howard scored on a 45 yard drifter over Turek's head in the final period. At the close of the game Howard scored again to give them a 3 to 1 victory.

On November 14 the Spartans travelled to Dartmouth stadium to take on Husson of Maine in the semifinals of the New England soccer playoffs.

With about 200 Spartan followers, the Green and White battled Husson on even terms throughout the four periods of regulation play without a score. Many times it appeared that the Spartans might score but a fine effort by the Husson goalie kept the game in a deadlock. The Spartans took 78 shots at the Husson goal before Bruce Wright was awarded a penalty kick in the fifth sudden death overtime period. Wright's kick soared past the diving Husson goalie to give the Spartans a 1-0 victory and the right to play Gordon College at Amherst, Mass., in the New England final.

The Spartans' victory was marred by the possible loss of two key players, Gunars Vilinskis and All State Steve Hazen. Vilinskis suffered a broken nose late in the game and Hazen sustained a sprained ankle.

For goalie Charlie Turek it was his seventh shutout of the season, a school record. Charlie was called on to make 20 saves. Those assisting Turek with fine defensive efforts were Butch West, Bruce Wright, and Dave Lucia.

The Spartans defeated Gordon and they will travel to Montclair, N. J. for the National Playoffs during Thanksgiving vacation.

Individual scoring so far this season for the Spartans is as follows:

	Goals	Assists
Bucky Knisley	10	6
Bill Gough	10	4
Dave Hartman	5	5
Charlie Wood	5	5
Mark Mooney	3	6
Bruce Wright	6	6
Charlie Manchester	4	2
Gunars Vilinskis	3	3
Phil Harrington	1	1
Steve Hazen	1	1
Bob Gregory	0	0
Dave Lucia	0	1
Butch West	0	1
Phil Marks	1	0
Buzz Rathgeber	2	0
Gene Barrows	0	1
Phil Dembowski	2	1
Tom Southworth	0	2
Dan Violette	0	1
Bruce Lotke	0	1

Holding dozen roses, Earline Orvis smiles at photographer after being named Miss Castleton State College of 1965. Her selection came last Thursday in the second annual preliminary to the Miss Vermont Pageant.

Library Completion Date Is Mid-August

New Facility Will Hold 40,000 Volumes, Two Temporary Classrooms

by Peter Simons

In the middle of August a new building on campus will be completed.

It is the \$403,726 library. It is being paid by a \$134,575 federal grant and the rest by the state.

The library will be 164 feet long by 102 feet wide with a 45 by 25-foot lobby. On the west end, toward the science building, there will be two temporary classrooms. Each room will be about 27 by 32 feet and will have its own laboratory facilities. The rooms will be separated by removable partitions.

The library will have an initial seating capacity of about 200 plus 25 individual study tables. There will be about 15 easy chairs in the periodicals area. There will be shelf space for

40,000 volumes—double the number in the present library.

The building will have its own air conditioning system which will be the type without refrigeration, simply dehumidifying the air without cooling it. The lighting will be supplied by concealed fluorescent fixtures in the acoustic tile, soundproof ceiling. Windows will have solar screens to prevent the direct rays of the sun from entering.

Placed alternately on every other book shelf will be space for coats, hats and boots.

Parking will not be allowed in the immediate area as the land in front of the building will be terraced.

CORRECTION

There is a typographical error on the revised dress regulation sheet distributed. The corrected sentence should read: Men: Business suit, sport jacket or sweater OR shirt and slacks.

Earline, 19, Wins Beauty Pageant Here

Before approximately 400 spectators in the college gymnasium-auditorium last Thursday, Earline Orvis, 19, a sophomore from Bristol, was selected Miss Castleton State College of 1965.

Earline, daughter of Mr. and Mrs. Sherman E. Orvis, won the preliminary event to the Miss Vermont Pageant in a competition that included six other contestants.

Second place went to Janine Lincourt, 18, a freshman from Bennington. Linda Lane, 20, of Chester, was judged the third place winner. Also competing were Judith Allen of Fair Haven, Alice Boorse of Philadelphia, Trisha Powsner of Bennington and Judith Russell of Rutland.

Miss Jean Conner, Miss Vermont of 1964, was mistress of ceremonies and rendered three vocal selections. During the program Judy Newton, Miss Castleton of 1964, received an ovation.

Earline received a bouquet of red (Continued on Page Two)

Liberal Arts Students Will Number 175

Next Fall's Enrollment Will Total 700, President Reports

by Reid Bailey

Next fall approximately 220 freshmen and 40 to 60 transfer students will enter Castleton State College.

Of the approximately 700 students who will attend school here, about 25 per cent will be enrolled in the arts and sciences curriculum. Even though liberal arts at Castleton is not the program upon which emphasis is being placed, a provision is made for the students who are interested in it. Present enrollment is about 650.

It was the opinion of Dr. Richard J. Dundas, CSC president, however, that students who wish an intensive study in liberal arts would be better prepared for a bachelor of arts degree if they were to complete their study at another college or university.

The reason for this, the president explained, is that Castleton is noted for,

and lays stress upon, its preparation of students for the teaching profession and it is not adequately equipped to give a broad or diversified number of choices for the person interested in liberal arts.

Presently, the program of arts and sciences has made it possible for one to major in one of three subject areas: English, history, and biological sciences. Also, there are a number of subject areas in which students can minor. Steps have been taken in anticipation of a larger number of students however, and, according to the president, about five more areas will eventually be opened.

The names of the proposed subject areas were unavailable at the time, but perhaps languages and mathematics may be among the five additions.

Pittsford Party Planned By Hillel Club Members

The newly formed Hillel Club has planned numerous educational and social events for the remainder of this semester and the following semester.

Under the able leadership of Judi Kamburg, the club, despite its small membership and lack of substantial funds, has become an integral part of campus life.

On March 8, Hillel invited Rabbi Henry M. Weiner, a member of the Chautauqua Society, to lecture to the student body on Jewish philosophy. In return Rabbi Weiner has invited the club members to visit his synagogue, in Glens Falls, N. Y., for an evening of religious and cultural exchange.

Among Hillel's coming events are a party for the children of the Caverly Child Health Center in Pittsford, and the presentation of the movie "Anatomy of a Murder." Plans for the Second Annual Latke Party, for next fall, are being made now.

It's Doctor Aborn, After Eight Long Years

CSC's newest Ph. D. is M. Robert Aborn, chairman of the Music Department and director of the college choir.

Dr. Aborn spent the past eight years working toward his doctorate which was finally bestowed upon him a few weeks ago by Indiana University. The title of his dissertation was "The Influence on American Musical Culture of Dvorak's Sojourn in America."

Dr. Aborn received his bachelor of music from Oberlin in 1954 and his master's in music from Indiana two years later. His preparation has included European piano study with Louis Kentner in London in 1957.

He was a piano assistant at Indiana before coming to CSC. He also instructs in piano at Middlebury College.

Enthusiasm At Low Ebb; Talks Held

Student Association President Says Activities Lack Support

Ronald Butterfield, Student Association president, commented recently on the discussions being held concerning apathy.

When asked why these discussions are being held, he said that there is generally a lack of enthusiasm on our campus. Butterfield further stated that only approximately 10 percent of the students take part in activities because no one is interested in what is going on here. Everyone goes over the state line or home on weekends.

"We don't expect to accomplish great miracles," he said, "but by discussing the conditions on campus, we will get an idea of why students are so apathetic."

At these discussions you can talk about anything you wish and offer constructive criticism.

These meetings will serve a dual purpose: to become aware of faculty members' views, and to use their experience to help solve our problems.

These discussions are held every Monday night there are no Senate Meetings in Leavenworth Lounge, beginning at 6:30. Two faculty members will be present at each discussion.

Several From College Attend Eastern States

On March 25, 26, and 27 Dean Florence Black, Miss Elizabeth Hale, faculty advisor; Ron Butterfield, S. A. president; Paul Corologos, senior delegate; Susan Summers, junior delegate; Janet Schabel, sophomore delegate; and Marc Goldman, freshman delegate, (Continued on Page Two)

From The Horse's Mouth

Rumor: The Old Chapel is to be torn down.

Answer: Not at present. Something will have to be done in the future as we are a growing college and long range plans call for a new building on that site.

If it is financially possible the college wants to save the Old Chapel as a memorial of the first medical school in the area. If this is to be done the Chapel must be moved to another site and renovated at a cost of approximately \$35,000. Historical and Medical societies have expressed an interest in saving the building, but as things stand now the necessary funds are not available.

Rumor: Castleton State College will get a new name.

Answer: No, CSC it shall be.

Rumor: The revised regulations regarding proper attire will be enforced.

Answer: This is left to the discretion of the one supervising, such as the teacher in a classroom. Any problems regarding improper attire will be handled by the Student Association if possible.

Rumor: There will be a co-educational dormitory on campus.

Answer: The new dormitories have been designed and built so that they can, if necessary, be co-educational. It is feasible to do so and they may, to a limited extent, be so used in the future.

Rumor: There is to be a "Ship Wreck" weekend this year.

Answer: Yes, under the new title of "Spring" weekend.

Rumor: The Recreation Room is to be made into a College Store.

Answer: True, with school and sports supplies, and any profit from the sale of these articles will benefit the students.

Rumor: The Dining Hall is to be a new student center.

Answer: True, and any other part of the basement that is needed.

Rumor: The Library is to contain new administrative offices.

Answer: Yes.

Rumor: Dr. Jensen is leaving CSC.

Answer: True. Dr. Lawrence N. Jensen, associate professor of art, has accepted the position as chairman of the art department and full professor at Southern Connecticut State College. As yet Dr. Jensen has not officially resigned from Castleton.

Apathy On Campus

The primary concern of today's college student should be three fold—first, to prepare one's self to be a useful and successful citizen in tomorrow's world; second, to be academically successful today and third, to gain a better insight into humanity through participation in and support of various extracurricular activities.

Everyone relies on social interaction for even our most basic needs and when one fails to commit himself to society, society will collapse around his ears. Apathy is taking the easy way out. To be mature and to assume our rightful place in society, we must be willing to shoulder our responsibilities. These responsibilities apply not only to ourselves but to the society in which we live. As we are social beings, any break-up of social interaction is a threat to our security, and must be combatted by total commitment by each and every one of us, not only at times of major catastrophe but in every detail of our lives.

Must we be rewarded for every thing we do? Isn't the very fact that we are doing what we should be a reward in itself?

Apathy is expressed in many ways here on campus, particularly a lack of enthusiasm on the part of the student body to support school activities, for example, the poor attendance at soccer and basketball games, the lack of team spirit in preparing for school dances.

To those of you who are reacting, either positively or negatively: you can consider yourselves non-apathetic. The rest of you make up the large, mute, faceless, crowd of manikins.

"A special place in hell is reserved for those, who in the face of a great moral dilemma, maintain neutrality."—Tony Tennien

More Interest, More Programs

On March 5, the Castleton State College gymnasium was filled with the music of folk songs by the Rooftop Singers.

It's too bad so few were in attendance to enjoy the program of music and comedy, or to join in the sing-along. In order to meet expenses, the student Association had to earn \$500 from those attending the program. This was not done, and extra money had to be drawn from other sources.

Perhaps if more interest were shown by the student body, more groups would be more willing to sponsor such programs.—Brenda MacMurtry.

Lois Bussin Is Planning Next Year's Programs

Lois Bussin, newly authorized chairman of the special entertainments committee, has been working to prepare programming for next year.

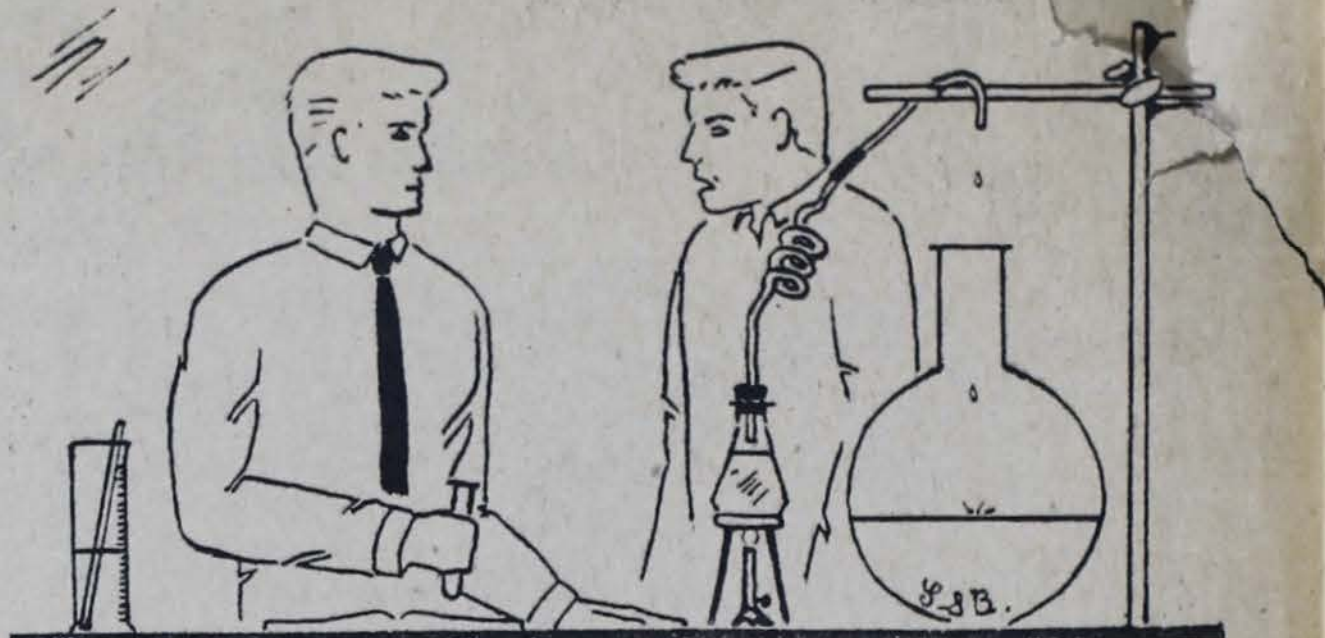

Rock 'n Roll singing groups are the object of her earnest efforts and she has hopes of getting such celebrities as the Four Seasons, Chuck Berry, The Beach-boys and the Supremes.

Such groups would appear at various times during the year but particularly on the Thursday night during winter

carnival. The programs would usually take place at the gym and a part of the area would be roped off to be used for dancing.

A total of about \$3,000 may be allotted to the committee, however more money would certainly be needed and this would hopefully be taken care of by admitting the public for a fee. If enough money could be made selling tickets to the public then the Castleton students might be admitted free.

Anyone wishing to help by working on the committee would certainly be appreciated and is urged to contact Miss Bussin.

"And all this time I thought Copernicus was a metal!!!"

Session This Summer Will Fulfill Need

by Paul Stoler

The 1965 summer trimester will give students the opportunity to do a full semester's work in this short period.

Dean Charles N. Wright explained that the students have indicated, for various reasons, definite need for a summer session. Many who desire to finish college in three or three and a half years can do so by attending the summer semester. Others, who may have been dropped or placed on probation, will have a chance to demonstrate their academic capabilities.

Dean Wright further explained that there will be at least four other groups on the CSC campus this summer besides regular Castleton students. Teachers will be working for recertification. Adults, with no need for a degree may be fulfilling their academic curiosity. Students from other colleges and universities will either be accelerating or making up lost ground. High school graduates who have not been accepted at CSC will be given an opportunity to prove they are able to succeed here.

All students will be admitted to the summer trimester without examination. Admission to the session will not constitute acceptance to CSC as a matriculated student for those who have not been previously admitted. A brochure is ready now and an open registration period for CSC students will be set up to last for several weeks. Pre-registration will also be possible by mail.

Theater production (English 53-54 in the schedule to be published) will be of particular interest to those concerned in this field. For details, contact Mr. Saul Elkin.

The administration is hopeful of active participation in the summer trimester this year and in succeeding years.

N.E. District Of Circle K Elect Brown

by Tony DeGeorge and Rick Kuzma

On April 3 and 4 the New England District of Circle K held its annual convention at the Statler Hilton Hotel in Hartford, Conn. It was the scene of the election of officers for the New England District.

Selden Brown was elected governor of the district.

Ten regular and two prospective members of the Castleton Circle K Club participated in the convention. The regular members are Martin Tewksbury, Fred Roberts, Selden Brown (these three were among the 44 voting delegates), Tony DeGeorge, Steve Randall, Dan Freeburn, Steve Abbott, Jim Mehalick, Rick Kuzma and George Carabina.

The two prospective members are Terry Diers and Larry Bauman.

Brown, a junior from Pawlet, is a charter member of the Castleton Circle K Club, has served two terms as membership committee chairman and has organized Cub Scout Pack 22 of Castleton.

He faced opposition from Jeffery Kennedy, the New England Circle K District Secretary from Ward Technical Institute in Hartford, Conn., and Paul Aldrich, the President of the Circle K Club of the University of Maine at Orono.

The Saturday events at convention included several workshops, press conferences, committee meetings, the governor's banquet and a dance.

Sunday morning's events included the official voting for candidates, the counting of the ballots and the proposing of new resolutions.

At noon there was the final luncheon followed by the election results. The new officers were sworn in and the new governor officially adjourned the 1965 New England Circle K Convention.

SEVERAL FROM COLLEGE ATTEND EASTERN STATES

(Continued from Page One)

attended the Eastern States Conference at the Hotel New Yorker.

This year the central theme of the conference was "Teachers: Time, Scope, and Role." Each delegate attended a different panel discussion.

There was a reception and tea Thursday afternoon at New York University and another reception and tea Friday afternoon at Columbia.

Writer Makes Strong Radio Station Pitch

by Thomas P. Cartier

Having spent a year and a half working at WSSE and WRUV, both college radio stations, I have seen how they can contribute immensely to a strong, close-knit and unapathetic feeling on campus.

A radio station at Castleton would be ideal for a number of reasons:

(1) The presence of a good, clear station in the Rutland County area after 6:30 p.m. would render to the students at CSC a most useful and entertaining pastime.

(2) It could be used as an invaluable means of communication to the students.

(3) Out-of-town games and other special events could be broadcast for those unable to attend such functions.

(4) Last of all, the presence of a radio station on campus would contribute to the prestige of the school as a whole.

But alas! As with every other constructive endeavor, it requires a group of people willing to devote a few hours each week to the preparation of programs and the operation of the station. Those who qualify and are so inclined may be given air time in which to broadcast their own programs.

ERLINE, 19, WINS BEAUTY PAGEANT HERE

(Continued from Page One)

roses and a \$100 scholarship. Janine won a \$25 scholarship. Gift certificates went to the other contestants.

Participants in the scholarship awards were the Coca-Cola Bottling Co., Maplewood Dairy of Fair Haven, Ryan Vending Co., Ward Baking Co., Norcross Eldridge Inc. and the Student Association.

The Circle K Club sponsored the second annual event, in which the girls were judged in sports or swimwear, evening gowns, talent and replies to questions.

Judging the contest on the basis of personality, poise, talent and appearance were Mrs. Claus Bartenstein, well known physical education instructor; Frank DeLoria, vice president of the Rutland Kiwanis Club and adviser to Circle K, and Mrs. Elizabeth Terenzini, Rutland Herald reporter and fashion writer.

William Goldman, chairman of the Kiwanis Youth Service Committee, tabulated the scoring of the judges. Charles P. (Terry) Gulick III, director of student activities, also sided in the program.

Vying for the title of Miss Castleton of 1965 were (from left) Janine Lincourt, Carolyn Accorsi, Alice Boorse, Judy Allen, Linda Lane, Judy Russell, Earline Orvis and Trisha Powsner.

Castleton Players To Stage Two Comedies Here Tonight

The Castleton Players will present two one-act comedies by Edward Albee on Wednesday and Thursday, April 7 and 8. The director is Mr. Saul Elkin, who directed "The Enchanted" last fall. Dick Rousseau is stage manager.

The "Zoo Story" stars Roy Smith as Jerry, a young, unkempt and undisciplined vagrant who is trying to communicate with William Dougherty as Peter. Peter is just the opposite of Jerry. He is neat, ordered, well-to-do, conventional. With ironic humor and unrelenting suspense, we see the young

savage slowly, but relentlessly bring his victim down to his own level and initiate a shocking and horrible ending.

In "The American Dream," Rosemary Puglisi plays Mommy, a domineering, upper-class wife; Marshall Prouty is Daddy, her long-suffering, acquiescent husband; Brenda MacMurtry appears as Grandma, a superannuated nuisance, full of an old woman's complaints; Mrs. Barker, a club lady with "... a finger in so many little pies," is played by Anne Clark, and Edmund Garron is a young man. Like the young man in the "Zoo

Story," this young man is curiously detached from life and unable to feel or experience emotions of his own.

Patrons will remember Roy, who played the Ghost in "The Enchanted." Miss Puglisi and Miss Clark gave fine performances in Dylan Thomas' "Under Milk Wood." Prouty appeared last spring in the hilarious "Thurber Carnival." Daugherty and Miss MacMurtry are talented performers making their first appearance in the Castleton theater.

There will be another production, under the direction of Mr. Byron Avery, sometime in May.

Lacrosse Introduced By Coach Dick Terry

This year at Castleton a new sport was introduced and seems to have caught the interest of a significant number of enthusiasts.

Lacrosse, a rough game with a lot of activity, was recently started by Dick Terry. About 20 men have joined the team simply to learn the fundamentals and tactics of the sport. Since it is a club rather than a varsity team everyone is eligible to join, including the transfer students.

The game is played with a ball and a stick which has a net on one end. The ball is advanced upfield by running or passing and an attempt is then made to get it into the opponents' goal and score.

Attempts to check the opposing team may be made by hitting sticks with sticks or by the body of one player obstructing the body of another. Although the game is seemingly very rough, according to Coach Terry there are fewer injuries per participant in this game than in baseball. The positions in Lacrosse are: one goalie, three defense men, three midfield men for attack and defense and three attack men.

There will be one or two scheduled scrimmages this year but regular competition will not begin until next year.

SA Business Includes New Buildings, Assembly, Awards

by Brenda MacMurtry

The Student Association has submitted to the Board of Trustees names to be considered when dedicating the six new buildings of Castleton State College.

These buildings, the gymnasium, library, dining-hall, science building, and two dormitories will be dedicated when all are completed.

In other Student Association business:

A new table tennis table has been constructed and is in use in the recreation room.

A new glassed-in bulletin board has been hung in the east entrance of Leavenworth Hall.

At the Awards Assembly, which will be held shortly before final exams, the Senate will announce those people who, in its opinion, have done the most outstanding work on campus this year. A maximum of 25 people may be chosen. A student may be chosen only once during his career at Castleton College.

The Good Citizenship Award, will be given this year. This award has not been given since 1961. Men and women, chosen by the Senate, are voted upon by a faculty board. One men's award and one women's award will be given.

Spring week end is scheduled for May 7-9. On Saturday, May 8, an all-day affair will be held at Lake Bomoseen. The day will be concluded by a buffet supper on campus and an informal, come-as-you-are dance on the apron-front of the gym. As yet, no other activities have been planned.

Campus Christian Movement Group Has Discussions

Do you find believing in God difficult? Are you wondering where you fit into the Christian community? These are two of the many questions that are being discussed in the Campus Christian Movement.

Currently, the group is discussing the book "Believing in God" by Daniel Jenkins. These discussions are enlightening and captivate the interest of all that attend. The discussions are very informal. The group sits in a circle and freely discusses the problems at hand. Because of this relaxed atmosphere, the members feel free to say what they believe without fear of being laughed at.

Members of this organization are able to attend various conferences which give them some insight into the current national and international problems. The informal discussions accompanying these conferences help one to decide the attitude he will take on these problems.

Student Association elections will be held shortly before final exams. Those offices to be filled are president, vice president, secretary, treasurer, corresponding secretary, parliamentarian, two delegates to executive committee, publicity chairman, records chairman, social recreation chairman, student court judges, two student court associate judges, prosecuting attorney, and intramural chairman.

New Challenges In Social Work Are Developing

New and challenging opportunities in the social work field are developing in the public service for college men and women.

There is new emphasis on welfare services in the public assistance program for prevention of dependency and for rehabilitation. The developments have increased the need for persons with a bachelor's degree, for entering case work positions in state and local welfare agencies.

Most state civil service or merit systems are currently scheduling spring examinations which college seniors are eligible to take. Many public welfare agencies also offer summer employment opportunities to undergraduates, particularly between the junior and senior years.

Details about opportunities, scholarships and requirements for admission to graduate schools of social work may be obtained from the National Commission for Social Work Careers, 345 E. 46th St., New York, N. Y. 10017, or from the Welfare Administration, U. S. Department of Health, Education, and Welfare, Washington.

Rutland's Chamber Of Commerce Cites College President

Dr. Richard J. Dundas, president of Castleton State, recently was presented the Rutland Chamber of Commerce Outstanding Service Award. The chamber's top individual award was made at its annual dinner in Rutland.

Dr. Dundas was cited, according to Bernard L. Roach, managing director of the chamber, because of the progressive expansion policies being followed at Castleton.

Roach noted additions such as a new nursing school, a business education school (still in the works) the building expansion program and the increase in enrollment as indicating the progressive attitudes of both the college and Dr. Dundas.

THE AMERICAN DREAM

8:00 - GYM

The Castleton State College Chorus rehearses in the Castleton Federated Church for its third annual spring tour.

Spartan Nine Opens Season At St. Joe's

It seems hard to believe, but baseball season is just around the corner. For our Castleton State "Spartans" the lidlifter is an April 8 encounter against St. Joseph's College of Philadelphia. This game is the first of an eight-day seven-game southern trip which will find the team playing a major college early season schedule. This annual trip conditions the team for the league season and also gives the team valuable game experience.

This trip is a credit to the college since the majority of schools in this part of the country are not allowed such an opportunity to benefit from the early season contests.

Fresh from a 1964 record of 11-4 and representing New England in the NAIA Playoffs in Indiana, the Spartans, despite losing three great individual stars, are enthusiastic and anxiously awaiting what they hope will be an even more successful season.

Coach Richard Gendreau is rounding his team into top physical condition for the coming season. Coach Gendreau has most of his infield intact from last year. Co-captains Ralph Simpson and John Mayotte guard the defensive positions at first base and second base respectively, while Joe Girard plays shortstop.

There is an opening at third where Charley Neal played last year. Charley Turek, Buzzy Rathgeber and Bill Gough are all getting a good trial by Coach Gendreau. One outfield slot is occupied by Louie French. Other candidates will include Buck Knisley, Bob Parro, Jim Gabert, when he isn't pitching.

The pitching staff again looks strong,

Two More Tennis Courts Will Make Meets Reality

Due to lack of adequate facilities a varsity tennis team will not be organized this year.

However, in progress now is the start of an intramural program and it was announced recently that anyone interested in tennis on a non-varsity level should sign the sheet which has been placed on the gym bulletin board.

The two tennis courts behind Ellis Hall are not considered sufficient to accommodate a meet. Four singles matches would have to take place at one time and would have to be followed by doubles matches. Obviously this couldn't be done on only two courts.

This summer at least two more courts will be added and thus it will be possible to have teams come here for competition in the future.

CSC Choir To Embark This Month On 3rd Tour

Dr. Robert Aborn, director of the Castleton State College Choir, has announced the dates of the third annual spring concert tour.

The group will sing at Randolph and Vergennes on April 25, Manchester on May 2, Springfield on May 9, Woodstock on May 16 and Rutland on May 20.

The featured work on the program is the "Requiem" by Faure, which will be accompanied by organ. The remainder of the program will include unaccompanied choral works by Victoria, Tschernokoff and Barber, and will conclude with a group of Negro spirituals.

even without Phil Dembowski. Returning vets John Ernest, Dan Ahern, Bill Gough and Bob Parro are all capable.

Lee Orvis, last year's catcher, has signed with the Yankees and created a gap at this position. But if hustle, effort and determination can fill up this gap, we have two candidates who have all the credentials, Butch West and Dan Trainor.

Now let us analyze the portion of the game for which Castleton is so famous, offense. One of the leading hitting teams in the country last year, the Spartans again have the potential to carry on the tradition. This year's team should have a better overall balance, especially with three excellent portside swingers in Simpson, Turek and Gabert. French, Rathgeber, Girard and Mayotte are all veterans who know how to handle the bat. Even the pitching staff has capable hitters.

Area Behind Gym Will Be Cleared For Student Use

A secluded spot behind the gymnasium may be developed as a park and picnic area, according to Ronald Butterfield, president of the Student Association.

Dr. Richard J. Dundas, CSC president, has accepted the cost of a bridge to span the chasm in the area, and said a pond will be created. The area could be cleared of debris and benches, picnic tables and fireplaces put in. Trails in the woods would make it an ideal place to get away from it all.

Also, in conjunction with this area, a wildlife preserve may be established by the Science Department, Butterfield said. Species of flora and fauna will be labeled for observation by all nature lovers.

David Lucia and Susan Summers, who were crowned king and queen of the 1965 Winter Carnival, smile from their throne on the steps of Woodruff Hall. Highlight of the carnival was a torch run from Pico Peak to Castleton.

Track Squad Loaded With New Athletes

by Mike Bove

The 1965 edition of Dr. Max Cogan's Spartan track team is loaded with new faces and new legs, and is looking forward to a fine season.

White Letter winner Alan Ball, Capt. Fred Roberts, Wally Lorimer and this reporter are the only veterans returning from last year. Filling out the squad are seniors Mike Lumbr and George Stomper, transfers Doug Patterson and Pat McKenzie, and freshmen Mark Goldman, Rick Olsen, Lindy Larson, Tony Quinn, Larry Bauman and Larry Deshaw.

The team in general is high-spirited, works hard and is basically well-balanced, but seems to lack depth in many events. The team however, has been working out hard in the gym and on South Road since March 1 and it may prove to be the best track team ever produced at Castleton.

Last year the Spartans scored in eight events at the conference meet in Providence, R. I., securing fifth place among 10 teams.

The trackmen open their season on April 24 in a dual meet at Plattsburgh. The Spartans play host to Rhode Island College on the Rutland High School field April 29, and Lyndon State College May 8. May 15, the team travels to Rhode Island for the New England State College Conference Meet. The season closes with the National Association of Intercollegiate Athletics meet in New Britain, Conn., May 22.

Only Three Veterans Return To Golf Team

Last year the golf team, boasting a 7-1 record, came out of the New England State College Athletic Conference as co-champions.

However, with only three veterans, Tom Burke, Bill Penrod, and Bill Miller returning and only two of these from the first team, the team is not expected to be as strong as last year's.

Presently under the direction of coach Dick Terry, the team meets Tuesday and Thursday evenings, but when weather gets better, practice in the afternoon will begin.

Other team members are Wayne Shepard, Mark Mooney, Alan Muir, Don Goodrich and Ernie Meuser.

Next Year's Court Squad Cogan's 3rd

by Jack Davis

"It will take me three years to build a national championship basketball team!"

These were Coach Max Cogan's words two years ago. Next year is the third year and Coach Cogan feels we have a good chance of doing it. He is looking forward to inviting Monmouth, Brooks, and if possible, he hopes to get one of the stronger Vermont schools to compete in the second annual Castleton Christmas Basketball Festival. Coach Cogan is looking for more and better competition for his boys.

He said that the toughest team this year was Jersey City State. They are not a big team but they played the same style of game as we did, only better, he said. He is looking forward to beating them next year, even though we are losing four of our best men: Jack Yattaw, co-captain, and high scorer (high—34 points against Lyndon, game average of 17 points); Joe Girard, co-captain; Marty Fitzgerald and Dan Hudson.

Coach Cogan's comments about this season were that the boys worked hard, played well as a team, but missed many easy shots. He feels he did not have quite enough talent this year. He is hoping for more height and scoring ability and is looking forward to a much better win next year.

With some of the best high school basketball players in the state applying for admission, as well as the returning varsity members, the coach's hopes should materialize.

Dr. Tilley Calls For Sadie Hawkins Dance

Last Wednesday night the girls got their chance to ask the boys.

The event was a Sadie Hawkins Dance in Woodruff auditorium. The squares were called by Dr. Winthrop Tilley. The Castle Dancers were on hand to demonstrate a dance that they had prepared for the occasion. They are a group of Castleton students who attend Dr. Tilley's square dance class. The dance was very well attended.

There were six squares on the floor at one time and many spectators were on the sides. Refreshments were served during the evening.

Ski Team Averts Disaster Thanks To Vermont Tech

by Reid Bailey

This year's ski team completed the season with a bang, defeating Vermont Technical College by almost 100 points at Pico Peak March 3. The win climaxed an unhappy season of three losses against only this single win.

The other meets were against Plymouth and Johnson Feb. 12, Plymouth Feb. 17 and Johnson on Feb. 19.

Of the five-member team Dick Leach was the high scorer as well as captain, coming up with five first places and a number of seconds and thirds. The other members were Larry Bauman, Terry Diers, Steve Hazen and Dave deSchweinitz.

Next season the team will, hopefully, have a larger schedule and be better organized. It is also hoped that more skiers will become interested enough to join.

Several Musical Performances Are Upcoming Shortly

Several musical treats are in the offing for students and faculty at Castleton State.

On April 28, Deeno and Sylvia Rabinov, a violin and piano duet, will give a concert at the Mount St. Joseph Academy gymnasium in Rutland, as part of the Community Concert Series. There will be no charge for members of Castleton College.

On May 16, Castleton College will welcome the Revelers, a singing quartet. This is also part of the Community Concert Series.

The Castleton College Choral Union will begin its spring tour under the direction of Dr. Robert Aborn. The schedule for the performances is: April 25, Randolph and Vergennes; May 2, Manchester; May 9, Springfield; May 16, Rutland and Woodstock.
